Ecolab® FaciliPro™

# FILL & CLEAN™

## Series of Commercial-Grade Cleaners

Meet commercial-grade cleaning made easy. These proven and powerful products deliver the reliable cleaning performance of Ecolab in a unique refillable bottle that anyone can use anywhere — saving time, cost and waste.

FACILIPRO™

ECOLAB®

# MEET THE INNOVATION THAT CHANGES **EVERYTHING.**

No dispenser required — can be filled anywhere

## The Fill & Clean™ Series

Simple, reliable commercial-grade cleaning with the ease of RTUs and cost and sustainability advantages of dispensed systems.

Each bottle generates approximately the equivalent of 16 32 oz. RTU bottles[1], saving space and reducing inventory complexity and reducing $CO_2$ emissions from less transport.

# IT'S AS EASY AS:
# FILL. CLEAN. DONE.™

One-sentence training — "fill with water" — helps save onboarding and training time.

## Fill

Fill the bottle's water reservoir from any available water source — no dispenser needed.

## Clean

Spray to clean. Each pull of the trigger delivers properly diluted product.

## Repeat

Keep refilling the water reservoir until the concentrated product reservoir is empty, then recycle.[2]

# DESIGNED FOR SIMPLICITY

## Auto-Shutoff Nozzle

Automatically stops spraying if water runs out.

## Auto-Diluting Sprayer

Draws from each reservoir, delivering proper dilution with every spray.

## Easy-to-Fill Water Reservoir

Features a twist-off cap so it can be refilled from anywhere, no dispenser required.

## Supports Sustainability Goals

Bottle is recycled (50% PCR) and recyclable.[2]
Reduced $CO_2$ emissions vs. RTU, due to less transport.

## Concentrate Reservoir

No need to open the concentrate reservoir — reducing the risk of chemical contact, misuse or overuse, and supporting safety and consistency.

# COMMERCIAL GRADE. FOOLPROOF.

Six proven Ecolab products, all available in our refillable Fill & Clean bottle design for simple, consistent cleaning.

### Fill & Clean™ Peroxide Multi-Surface Cleaner

Daily cleaner offers excellent cleaning and leaves a shine on a variety of hard surfaces.

6102908
2 - 14.37 oz

### Fill & Clean™ Industrial Degreaser

Attacks tough soil deposits; effective on metal, floors, hard surfaces, concrete and more.

6102909
2 - 14.37 oz
