FaciliPro™ Fill & Clean Peroxide Multi-Surface Cleaner

CLASSIFICATION

All Purpose Cleaner

PRODUCT DESCRIPTION

The information contained in this document only applies to the product packaged in the *FaciliPro™ Fill & Clean* 14.88 fl oz/440 ml containers. Information for similar products appear in separate Product Specification Documents (PSDs).

Fill & Clean Peroxide Multi-Surface Cleaner is a daily multi-purpose cleaner concentrate formulated to clean windows, glass, countertops, glazed porcelain, metal fixtures, walls, impervious floors, and other hard surface materials. The product offers excellent cleaning and leaves a streak-free shine through the use of peroxide and a plant-derived surfactant. This product may be patented. It is not registered for use as a sanitizer or disinfectant. The unique container already contains the concentrate. By refilling the water reservoir, it provides the equivalent to sixteen (16) 1-quart (32 fl oz/946 ml) spray bottle containers.

The *FaciliPro™ Fill & Clean Peroxide Multi-Surface Cleaner* is a USDA Certified BioBased product.

USE

FOR INDUSTRIAL USE ONLY-NOT FOR HOUSEHOLD USE
DO NOT FILL WITH ANYTHING BUT COLD WATER
KEEP OUT OF REACH OF CHILDREN

Precautions: Causes serious eye irritation. Improper use or dilution may cause adverse health effects and an impact on performance. Improper use or dilution may increase the risk of health effects and cause surface damage or staining. When handling the product concentrate, make sure of good general ventilation and wear safety glasses with side-shields. Read this product's Safety Data Sheet (SDS) before using.

DIRECTIONS FOR USE
For use/dilution with cold water only. With good ventilation, no Personal Protective Equipment (PPE) is normally required when working with this product from the spray bottle.
1. Open the “Agua/Water” cap and fill with water. Reattach the cap. Do NOT remove the spray head.
2. Turn the nozzle to the “ON” position.
3. Product is ready to use. Open or close the flap on the front of the nozzle to switch between foam & spray patterns.
4. Spray surface to be cleaned thoroughly. Allow a few minutes to work.
5. Wipe dry with a clean cloth, paper towels, wipers, or sgueegee dry. Rinse if used on marble surfaces.
6. Polish with the clean side of the cloth or another clean cloth. For first time use on any surface, always test in a hidden area.
7. When water level gets low, turn nozzle to the "OFF" position and refill (same as step 1).

WASTE DISPOSAL:
Concentrate Product AS SOLD
Disposal methods: Where possible, recycling is preferred to disposal or incineration. If recycling is not practicable, dispose of in compliance with local regulations. Dispose of wastes in an approved waste disposal facility.
Disposal considerations: Dispose of as unused product. Empty containers should be taken to an approved waste handling site for recycling or disposal. Do not re-use empty containers. Dispose of in accordance with local, state, and federal regulations.
Product AT USE DILUTION
Diluted product may be flushed to sanitary sewer. Dispose of in accordance with local, state and federal regulations.

Product is freeze/thaw stable.
Store between 59°F (15°C) and 104°F (40°C).
Product expires 1080 days after its manufacture.
