SPEAKMAN®

Neo Collection Combination Series
SM-1010-P

DESCRIPTION

Speakman Neo Collection Combination Series unites the best products included in our Neo Series. The combination begins with our anti-scald balanced pressure valve with integral stops, featuring a brass body and adjustable temperature limit stop. The wall plate and handle are designed with definitive Neo Collection styling. Piston type pressure balancing/ceramic regulating cartridge assembly with built-in check valves. Meets ASME A112.18.1 / CSA B125.1 & ASSE 1016 standards. Also provided is the S-2540 brass 7″ shower arm with metal wall flange. The featured product in the Neo Collection Combination Series is the ANYSTREAM® S-3010 showerhead with a 4¾″ outer spray adjustment ring. Five self-cleaning plunger nozzles resist scale build-up and provide 50 spray streams for a full body coverage pattern. The center core nozzle delivers 12 massaging jets and a combination spray is included. Water-conserving pressure compensating AUTOFLO® device reduces flow to 2.5 GPM / 9.46 LPM maximum, to meet existing ANSI A112.18.1 Standard.

SPECIFICATIONS
