Laundry Tower™ Single Unit Front Load 4.5 Cu. Ft. Washer & 8 Cu. Ft. Electric Dryer

Full-size and fully integrated front load electric Electrolux Laundry Tower™ features a stacked design that takes up half the floor space, freeing up the laundry room for extra storage, all with an easy to reach control panel. The washer provides the most effective stain removal with SmartBoost® premixing technology\* and the dryer with LuxCare® Dry uses an moisture sensor to prevent over or under-drying.

Available Colors: Titanium, White

Version: 09/23

## Consumer Benefits

### Vertical stacked design that gives you back space

Fully integrated vertical layout takes up half the floor space of a traditional washer/dryer for greater laundry room flexibility, or to fit easily into most closets and other tight spaces. Features a full-sized washer on bottom, a full-sized dryer on the top, and a control panel in the middle for easy access.

### The most effective stain-removing washer with SmartBoost®

Unlike other washers, our SmartBoost® technology premixes water and detergent before the cycle starts for maximum cleaning power, so stains come out and clothing has a longer life.

*AHAM HLW-2013 tested against leading front load laundry tower competitors*

### Get a more precise dry with our LuxCare® Dry System

Save time and energy and protect items from over- or under-drying with a sensor that detects humidity on the surface so that all your fabrics are treated with precision and care

### Optic Whites™ cycle keeps whites whiter than bleach

Keep your white clothing and linens looking newer longer with our Optic Whites™ cycle, which prevents the redeposit of dirt and other residues, keeping whites even whiter than the normal cycle with bleach.

### Instant Refresh cycle revives fabrics without washing

Save water and energy with the Instant Refresh dryer cycle, which removes wrinkles and refreshes items from light wear in 10 minutes, without having to do a full wash

### 15-Minute Fast Wash & 15-Minute Fast Dry

Just 30 minutes for a wash and dry--quickly deep cleans and dries the items you need most.

*Fast wash time based on 3 lb. DOE load. Fastest time based on smallest load/Fast Dry cycle selected for various load compositions.*
