What's New?... What's Different?...

THERMOPLASTIC RUBBER (TPR) WASHERS (pages 17, 36)

Available in Select Premium Grade Traps and for Individual Sale. Most brass traps come with square cut flat black rubber washers. Flat cut washers do not seal as well as tapered washers. Rubber washers lose their shape. Rubber washers crack, dry out and breakdown causing leaks and callbacks. So why are you settling for traditional rubber washers? Make The Change To Keeney's New Red TPR Washers, The Latest Advance In Leak-Free Technology. Thermo Plastic Rubber (TPR) (or Thermo Plastic Elastomer) has a better flex fatigue resistance than traditional rubber and will hold its shape. TPR Washers offer improved resistance to oil, chemicals like Chloramine, and water. That means over time they will not dry out and crack because they are not just rubber, they are plastic. Check out this advance in Leak-Free Technology from Keeney.

SEAL²TEST BATHDRAIN (pages 44-46)

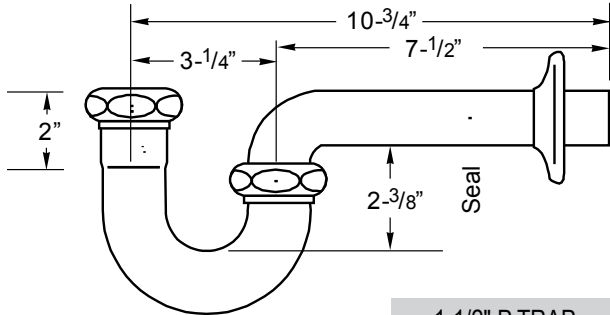

Keeney's Seal²Test Bathdrain is the newest idea in the fight against leaks and mold! Traditionally, the overflow is sealed only against the back wall of the tub. Keeney's Seal²Test seals using a combination of a Sponge Foam Overflow Washer, an O-Ring seal that is adhered to the Overflow Head and finally a Flat Rubber that seals at the Interior Tub Wall. The Seal²Test creates a double seal to ensure years of leak-free operation. The Seal²Test installs quickly and easily. The screw on test cap allows for a one-man installation and 3-story testing. Then, Pry-Off the Overflow Test Plug with a knife or a screwdriver and Snap-on the Decorative Faceplate. Available with Lift 'n Turn, Roller Ball, & Keeney's New & Improved Foot Lok Stop™ Configurations.

THE KEENEY BY DESIGN COLLECTION (pages 65-70)

The Keeney by Design Collection assembles the products and components required by today's showroom and design centers. This collection features bathroom and kitchen products in finishes meeting the demands of current decorating trends.

-----------	------------------	---------------	---------	--------	----------

- Attractive
- Easy to install
- Antimicrobial
- Easily cleaned
- Reinstallable
- Highly tamper resistant

Meets the following requirements:

- ADA articles 4.19.4
- ANSI A117.1
- California article P.1594B
- BOCA article P1203.4

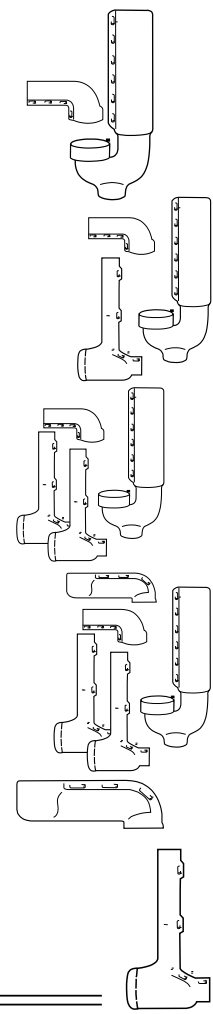

Professional installation is fast and easy!

Measure to determine length of pipe to be covered, with scissors or tin shears, cut to length using cutlines on inside of cover, apply the integrally molded fasteners, press together to provide an easy seamless fit. Repeat to install second cover.

Each kit contains specially designed Overflow and Waste shoe test plugs. The plugs are easy to install for testing and easy to remove to finish installation.

BATH DRAIN ROUGH IN PACK KIT

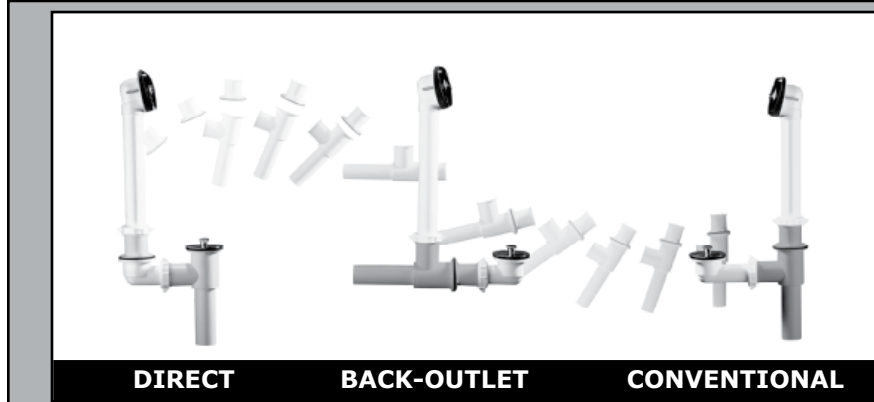

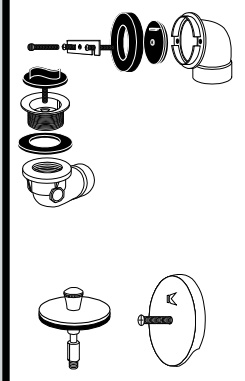

PLUMBING CODES MAY REQUIRE DWV SYSTEMS BE PRESSURE TESTED TO ENSURE THAT THE INSTALLATION IS FREE OF LEAKS. THIS TEST INVOLVES PLUGGING ALL THE OPENINGS AND APPLYING HIGHER THAN NORMAL WORKING PRESSURE TO THE SYSTEM. THIS TYPE OF TESTING ENSURES THAT YOUR DWV SYSTEM IS PROPERLY INSTALLED WITHOUT THE POSSIBILITY OF WATER OR SEWER GASES ENTERING YOUR HOME.

QUARTER TURN VALVES

QUARTER TURN VALVES

All Keeneey Quarter Turn Valves feature:

- Solid Chrome Plated Brass Ball
- Brass Forged Body
- All valve bodies and components CNC Machined to our Engineering Tolerances & Specifications
- Solid Brass Stem
- Flow Rates 20% higher than ASME 112.18.1M Minimum Standard
- O-rings designed to be used at working temperatures ranging between -40° and 250°
- Teflon Seats - melting point of 621° Fahrenheit
- Valves made from Brass Alloy that complies with NSF61 Section 9
- Over 80 different configurations
- Color Coded Boxes
- 100% Pressure Leak Tested

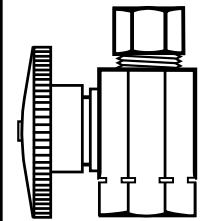

Chrome Plated Brass Ball
Engineering precision in production of our CNC machined chrome plated brass ball, snugly matched with Teflon® seals to prevent seizing in any water condition ensures a long valve life, and your customer's satisfaction.

SUPPLY & RISER TUBES

The MASTERVERVE is versatile -it can be adapted to many different scenarios.

The MASTERVERVE valve provides multiple outlets for both hot and cold water hook ups for a kitchen or vanity faucet.

MASTERVERVE™

Additional outlets on the MASTERVERVE allow for vertical or horizontal hook up to the dishwasher or instant hot water or ice maker, and many other applications.

As per building or plumbing codes, only one outlet of either the hot or cold supply side may be used at once. Please check local building codes for application and use.

CONNECTORS

QUALITY

Keeney connectors are made of high quality materials, and are manufactured to our strict engineering tolerances and specifications. Keeney connectors are available in stainless steel and vinyl, in numerous configurations to meet all customers needs. Keeney connectors use only solid Brass Inserts and Nitrile Cone Washers.

Keeney Tubular Program Convenience Center

The Keeney Manufacturing Company, a recognized leader in the tubular brass and plastic products industry since 1923, has the Tubular Program Convenience Center.

Our extensive product offering ensures that your shelves are filled with products contractors need to complete their jobs, and the fully bar-coded line speeds up the check out process and allows inventory accuracy.

Customized Planograms available on request. Shelving not included.

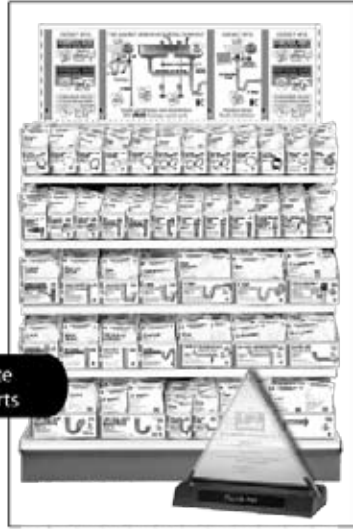

Descriptive color coded labels

Product photographs

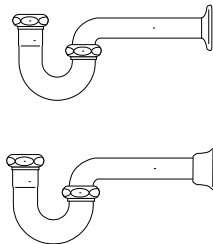

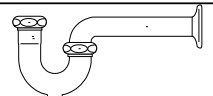

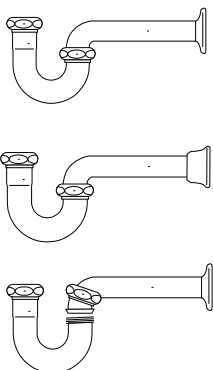

Quick accurate location of parts

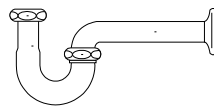

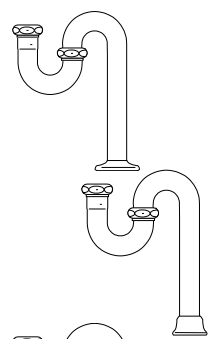

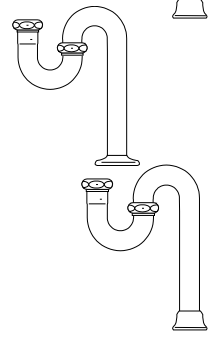

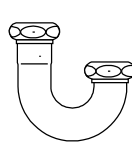

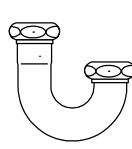

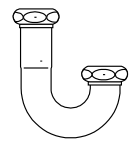

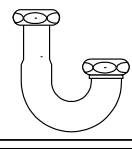

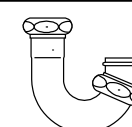

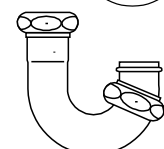

WE PUT TUBULAR PRODUCTS AT YOUR CUSTOMER'S FINGERTIPS!

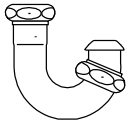

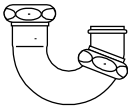

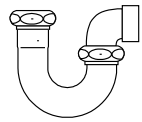

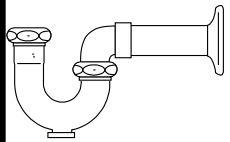

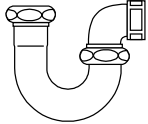

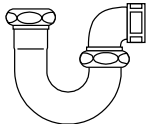

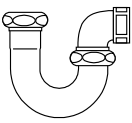

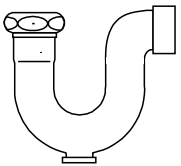

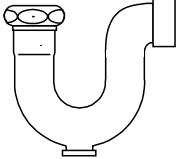

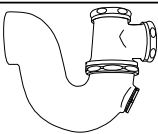

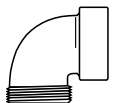

Labels

BATH SAFETY

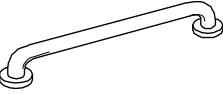

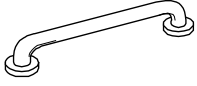

Part Num.	Item Description	UPC# 046224 +	Ctn Qty	Ctn Wt	Line Art
BATH SAFETY SEATS					
PP1985	15" H X 19" W X 12" D, BLOW MOLDED POLYETHYLENE MULTIPLE DRAINAGE HOLES, CHROME FINISH LEGS HAVE NON-SKID RUBBER TIPS	01985 5	1	-	
PP1986	15" H X 19" W X 12" D, BLOW MOLDED POLYETHYLENE MULTIPLE DRAINAGE HOLES, CHROME FINISH LEGS HAVE NON-SKID RUBBER TIPS, ERGONOMICALLY CORRECT BACK REST	01986 2	1	-	
TUB RAILS					
PP1981	18" H X 12" W, RUBBER PROTECTION ON CONTACT POINTS, 1" IN DIAMETER TUB RAIL, POLISHED CHROME, FITS MOST TUBS INCLUDING MODERN MOLDED TUBS, EASY TO ADJUST STEEL CLAMPS	01981 7	1	-	
ADJUSTABLE TOILET GUARD RAIL					
PP1989	ADJUSTABLE LEGS HAVE 5 HEIGHT INCREMENTS FROM 26" TO 30" IN ONE INCH INCREMENTS COMFORTABLE ARM RESTS, RUBBER TIPPED LEGS	01989 3	1	-	
ELEVATED TOILET SEAT					
PP1988	BLOW AND INJECTION MOLDED PLASTIC CONTOURED SEAT, 15 3/4"W X 15 1/2"D X 7 1/2"H, 1 3/4" SPLASH GUARD	01988 6	1	-

TERMS

1. Prices are subject to change without notice and we reserve the right to invoice all orders at prevailing prices at time of shipment. If any changes, additions, or deletions are made to prices, items, or details in our list price, they will take precedence over our current illustrated catalog.
2. 2% 10th Prox net end of month from invoice date.
3. A service charge of 18% per annum may be assessed against accounts that are 30 days past due.
4. No invoice will be rendered for less than \$100.00.
5. Product availability may be subject to our ability to obtain supplies and raw materials which may be limited by U.S. Government restriction.
6. Contracts and agreements are subject to strikes, fires, accidents or other causes beyond our control.

RETURNED GOODS

No goods will be accepted without a written returned goods authorization issued from Keeney's Customer Service Department. Subject to the terms of any applicable warranty, Keeney will replace defective parts without charge if authorization to return has first been properly granted. Where the nature of the return is other than for defective parts, a 25% handling charge will be assessed. Credit will be issued on authorized returns at invoiced price or current price based on Keeney list as of the date of return, whichever is lower, less any applicable Invoice Allowances.

BROKEN CARTONS

Broken cartons are not allowed for Keeney or Duracraft Plastics items which should be ordered in multiples of the standard pack. Product orders for less than standard packs will be increased to standard carton quantities.

CLAIMS

Subject to the terms of any applicable warranty, Keeney guarantees its products to be free from defects in material and workmanship, and shall replace, free of charge, any parts proving defective in material or workmanship. Damages or charges for labor in repairing or replacing material claimed or asserted by Customer will not be allowed. Credit will be granted at invoiced price or current price based on Keeney list as of the date of claim. All claims for product shortages must be submitted within five (5) days after receipt of shipment in order to be considered.

FREIGHT ALLOWANCE

Any combination of Keeney, Duracraft Plastics, and/or Plumb Pak materials sold with a net invoice total of \$1,500.00 or greater will ship F.O.B. Destination, Freight Prepaid, to one destination within the Continental United States. Shipments outside the Continental United States are shipped prepaid to a Freight Forwarder and expenses to the final destination are the responsibility of the customer. Express Shipments will ship at customer's expense, Prepay and Charge. The Keeney Manufacturing Company reserves the right to select carrier, method of shipment, and to ship at the lowest available rate. The Keeney Manufacturing Company will ship via a customer requested carrier, with expenses in excess of the lowest available rate, Prepay and Charge at the customer's expense. Title passes on delivery to carrier.

ADDITIONAL CHARGES

Federal or state taxes now and hereafter for which we may become liable shall be charged to, and paid by the buyer.
