

Light Emitting Diode (LED) Bulbs - 5 Years / 10 Hours of use per day

LED bulb's warranty and product life statements are based on operating the LED lamp in environments with an ambient temperature of -20° C (-4° F) to a maximum of +45° C (113° F) and are warranted for a period of 5 years, based on 10 hours of use per day – unless otherwise noted on the products packaging. Average rated life may vary depending on application, use, fixture type and environment. Not for use in vapor tight or sealed Jelly Jar type fixtures. LED replacements lamps are not compatible with all photocells, timers and motion sensors and these devices can affect the performance of the products. Only LED rated devices should be used and if not, the warranty can be voided.

This limited warranty covers all defects encountered in normal and recommended use of the product, and does not apply to cases below:

- Loss or damage to the product due to abuse, mishandling, alteration, accident, electrical current fluctuation, failure to follow operating, maintenance or environmental instructions prescribed by SATCO. See safety notices in or on the product packaging.
- Service provided by someone other than SATCO or an authorized service provider.
- Warranty is void if product is not used for the intention which product was manufactured.

Satco does not warrant and specifically disclaims any warranty, whether expressed or implied, of fitness for a particular purpose, other than the warranty contained herein. Satco specifically disclaims any liability and shall not be liable for any consequential or incidental loss or damage, including any labor / expense costs involved in the replacement or repair of said product.
