Certifications

Thanks to our in-house Quality Control function, **we continually test, inspect and verify** at every phase of design and production of our components, incluANSig after sales assistance.

AIRCOM's technical, industrial and commercial activities are regulated by the **corporate quality standard UNI EN ISO 9001 certified by the TÜV institute.**

Furthermore, the Quick Line system has obtained the **T.S.S.A. (Technical Standards & Safety Authority)** certification, too.

Among the numerous certifications achieved by our products, of particular note is the **Reaction to Fire Classification Report** issued by the **RINA Agency** for the **Quick Line systems**.

Quick Line System

- Full Bore design with easy and quick connection.
- Same connection principle 16mm (1/2") through 110mm (4").
- Deepest insertion of pipe on the market for better alignment and sturANSless of the entire pipeline.
- No special tools
