# Recommended Accessories

SPAN®

See full installation details at **span.io/partner-portal**

## Breaker Accessories

**Main circuit breaker**

SquareD QOM2 type:
- 100 A QOM2100VH
- 125 A QOM2125VH
- 150 A QOM2150VH
- 175 A QOM2175VH
- 200 A QOM2200VH

*Main breakers can be field installed in any SPAN Panel.*

**Branch circuit breakers**

*(1-inch plug-in style, pig-tail neutral AFCI/GFCI)*

- SquareD type HOM, HOMT
- Eaton type BR, BD, BQ
- Siemens/Murray type QP, QT

*Branch breakers must be series rated with SquareD QOM main breaker to achieve the 22 kA short-circuit current rating.*

## Panel Accessories

**Rigid watertight conduit connectors**

- Eaton Myers hubs

*Top hub closing plate and threaded conduit hub no longer applicable for SPAN Panels PN 1-00800-11 and later.*
*For SPAN Panels PN 1-00800-11 and earlier, use SquareD PN: ACPCP and SquareD A series hubs*

**Filler plate for branch breaker knockouts**

- SquareD PN: HOMFPCP

**Service entry barrier covers**

- SquareD PN: PKSB1HA

**Add-on Neutral / GND lugs (Field-installed)**

- ILSCO NBST-2/0
- SquareD HOM100AN
- GE TLK20

**Add-on GND bar kit (Field-installed)**

UL recognized ground bars may be installed by tapping threaded holes in the SPAN Panel enclosure, according to NEC requirements.

**Surge Protection Devices (SPD)**

Recommended options:
- Siemens QSA2020SPD 20 amp Whole House Surge Protected-Circuit Breaker

*SPAN is compatible with virtually any standard SPD connected to a 2-pole breaker or installed on a 2-space slot in equivalent SquareD HOM, Eaton BR, or Siemens/Murray QP/MP panelboards.*

## Panel Communication Accessories

**Powerline Ethernet Adapter Kit**

Recommended options:
- TP-Link AV2000, AV1000, AV600 or equivalent
- NETGEAR PLP2000 or equivalent

*We recommend using PLA's only when absolutely necessary. Always install in a location that's easily reset by the customer.*
*Always connect the panel to home WiFi in addition to using a PLA for increased connection reliability.*

**Communication Cable**

Recommended options:
- Industrial Ethernet Cat 5e, 4 Bonded-Pair 24AWG (CAT #: BEL7958A)
- 24/4 CAT6 DIRECT (Cat #: 6NF41KRLBLK)

## Drive EV Charger Accessories

**Communication Cable**

Recommended options:
- Southwire 22/2 Gray Stranded CU CL3R Shielded Security Cable
- Belden 1049A 18AWG 4-Pair, Individually Shielded & Overall Foil Shield Tray Cable 600V

**EVSE Pedestal Mounting Pole & Base**

Recommended options:
- ClipperCreek ProMountDuo Universal Pedestal (PMD-10T or PMD-10R)

*SPAN does not currently produce a custom EVSE pedestal mounting pole and base for Drive. SPAN recommends using the Installation Template to hardwire Drive with a universal EVSE pedestal.*

**Tesla Compatible Accessories**

Recommended options:
- SAE J1772 Charging Adapter
- Seven Sparta Charging Cable Holder with Chassis Bracket for Tesla
- BMZX Charging Cable Organizer for Tesla
