

Stench & Stain Digester

Stench & Stain Digester is an easy to use carpet cleaner and odor eliminator that saves time and money.

Features & Benefits

- Biological spotter and cleaner combats the most severe carpet malodors caused by urine, fecal matter, vomit and more
- Pleasant scent freshens as it works
- AccuMix® dispensing system makes dilution accurate and cost-effective

Applications

- WoolSafe approved for use on wool, advanced generation fibers and all other types of carpet
- If being used for the first time, test for colorfastness in an inconspicuous area before use
- Also functions as a drain cleaner and restroom counteractant cleaner

Stench & Stain Digester

Use instructions

If being used on a carpet for the first time test for colorfastness on an inconspicuous area. Remove gross soil. Extract using Extraction Rinse. Dilute product 1 to 4 oz. per gallon (30 to 120 mL/3.78 L). Saturate the spot/stain and surrounding area. Agitate. Place towel moistened with product over treated area for 24 hours. Remove towel and repeat treatment as necessary. Extract with Extraction Rinse. Allow carpet to dry. Use also as a drain cleaner and odor counteractant cleaner in restrooms; or bonnet buff using the dilutions outlined above. directions.
