INSTALLING FRAGRANCE

1. Insert the SafeLock key in the left side of the diffuser and twist it to the left to unlock, then remove lock
2. Lightly press down on the fixed button on top to open the door of the diffuser
3. Remove the atomizing head by pulling it toward you
4. Insert the straw into a bottle of ScentBridge fragrance oil and tighten atomizing head fully
5. Reinstall the atomizing head with attached fragrance bottle back into the diffuser
6. Choose **Power** or **Battery** mode by sliding the labelled switch; plug in or insert battery
7. Wait ~12 minutes to charge if the diffuser has not been powered on in over 7 days
8. Close door, reinsert SafeLock if desired (diffuser will operate normally even if lock is not inserted)
9. Adjust grade settings and schedule as needed in Scent Marketing App

CAUTION / WARNING

1. Keep the machine upright. Tilting or laying flat will cause the oil to over flow
2. ScentBridge fragrance oil is specially formulated to work optimally with all ScentBridge diffusers. Other oils may cause damage or poor performance
3. Do not use quick charger to power diffuser
4. Do not disassemble or attempt to repair the diffuser. If any failure happens to the machine, please see the Troubleshooting section

CLEANING

The machine should be cleaned when:

- You're are switching to a different oil
- The atomization volume becomes weak

Cleaning steps:

- Remove the atomizing head & bottle from the diffuser
- Separate the head from the bottle and place the bottle safely where it won't spill
- Use a larger container filled with industrial alcohol to soak the atomized head for 5-10 minutes
- Allow the atomized head to air-dry then reinstall

TROUBLESHOOTING

Before reaching out to our technical personnel, please take a look at the following possible solutions. If you need further assistance, please email us at service@scentbridge.com

Diffuser Not Connecting to Smart Device:

- Quit the Scent Marketing app
- Turn off Bluetooth on your smart device, then unplug or remove battery from ScentNote diffuser
- Turn the smart device's Bluetooth back on, then plug ScentNote diffuser back in or reinsert battery
- Listen for the diffuser to beep, then open the Scent Marketing app and select the diffuser

Weak or No Diffusion:

- Check to ensure the machine is not in a "non-working period"
- The air pump may be damaged, replace if still under warranty
- Check to ensure the tube is not loose

Oil Leaking or Spraying:

- Check to ensure the bolt is not loose
- The gasket in the atomizing head may be damaged or loose
- The atomizing head is damaged, contact support if still under warranty
