

RIDGID®

RP 251 Press Tool

The RIDGID® RP 251 Press Tool is the latest innovative tool in the RIDGID Compact Press Tool family. It is compatible with all RIDGID Compact Series jaws, rings, and actuators and can press up to 1 1/4" (32 mm) on Copper & Stainless Steel; up to 1 1/2" (40 mm) on PEX tubing; up to 1" (25 mm) Carbon Steel; and up to 1 3/8" (35 mm) on copper tubing in refrigeration.

- **Total Access** – Endless 360° head swivel for reaching tight spaces from practically every angle
- **Performance** – Brushless motor capable of over 60,000 press cycles requiring no scheduled maintenance
- **Effortless Operation** – Ergonomic, in-line design of forward-positioned trigger and SlimGrip handle allows for easy one-handed operation
- **Enhanced Visibility** – Improved LED light ring provides bright visibility in dark conditions
- **Advanced Technology** – Bluetooth® connectivity for access to tool information like amount of press cycles, tool locking, service interval, battery status, and more with the free RIDGID Link app
- **Persistent** – Completes up to 140 presses per charge with the 12V Li-Ion Battery
