Material Number NL95H0F, T-580-70-66 - Two-Piece Bronze Ball Valve - Stainless Steel Trim, Threaded

The NIBCO® bronze ball valve provides ease of operation with quarter-turn (90 degrees) open to close. Options include NIB-SEAL® insulated handle that eliminates condensate. The two-piece valve is ideal for commercial and light industrial process applications that may include HVAC, hot and cold domestic water, low pressure steam and hot water heating service. Please refer to NIBCO technical data sheet, valve selection guide and catalog for engineering and installation information. Choose NIBCO®
