

## Helios® Gravity Fed

Helios® has one of the sleekest profile of self-contained products available allowing simple installation and use in a tighter, smaller area close to facility hazards.

- High visibility yellow polyethylene tank
- Internal, rotating actuating valve integral to the eye wash tray
- Eyewash Heads inset directly into the black pull-down tray offering protection from airborne particulate
- Molded eyelet hangers for mounting
- Mounting bracket available. See page 51.
