

# CTS Chrome Plated Steel Shallow Escutcheon, Bag of 25

Job Name \_\_\_\_\_  
 Location \_\_\_\_\_  
 Engineer \_\_\_\_\_  
 Contractor \_\_\_\_\_  
 Tag \_\_\_\_\_ PO# \_\_\_\_\_

## Specifications

Jones Stephens' escutcheons are used to cover holes in the wall from water supply lines. The chrome plated finish provides a decorative touch for applications where matching existing hardware is desired. Constructed of steel, this CTS escutcheon plate is designed to be long-lasting and corrosion free.

## Applications

Jones Stephens' escutcheons are approved for use with commercial and residential potable and non-potable water applications.

## Materials

Steel
