The CleanRest PRO box spring encasement is the first and last encasement you'll need for the box spring you're defending from bed bugs, allergens, dust mites, and normal wear and tear. PRO's 10-year warranty allows you to preemptively defend your box spring from bed bug infestation which reduces the amount of revenue lost to room closures, lawsuits, bedding spoilage, bed bug remediation, bad reviews, and brand damage. For this reason, we advise all hospitality properties to preemptively encase their box springs with PRO encasements to protect your guests, bedding assets, and bottom line from the high costs of recurring bed bug infestations.
