Made with **MICRONONE** Fabric Technology

CleanRest mattress encasements are everything you need to protect a mattress for 5 years. The sleep surface is designed with patented MicronOne waterproof fabric. It's 100% waterproof and over 2x more breathable than other brands to ensure a cool and dry sleep experience. Double stitching along the body seams and zipper tapes add do it's durability. This product is secured by Zip-N-Click, our patented bed bug blocking zipper enclosure. Zip-N-Click locks the zipper in place and doesn't create a new place for bed bug to nest like a velcro flap. CleanRest is the proper choice for bed owners when a more affordable encasement is preferred over CleanRest PRO.
