## THE FUTURE OF HOME COMFORT IS HERE

Featuring

**RO454B**

Models: D5CPRAH, D5CSHAH,  
D5CLHAH, D5CMHAH

# WHY ARE SO MANY HOMEOWNERS GOING DUCTLESS?

Whether you're adding an extra room or converting an attic into a living space, you want your home renovation to be as comfortable as possible. Ductless systems deliver ultra-quiet and efficient comfort for practically any space and style. They also help eliminate hot and cold spots, making them ideal for garages, sunrooms, attics, additions and more.

## Environment

Heil® is committed to providing our planet and people with a better future by offering the best refrigerant for each application. After years of research, development and field trials, we will be transitioning to the use of R-454B, with a 75% reduction in global warming potential.

## Comfort Technology

Heil ductless systems continually adjust the compressor speed as conditions change—for consistent comfort with lower energy usage. Plus, enjoy year-round comfort with a system that offers dependable performance in temperatures from -22° F to 122° F.

## Efficiency

With SEER2 ratings up to 33.1 and HSPF2 ratings up to 29.0, all our Deluxe Series are ENERGY STAR® certified. Take advantage of added energy-saving features like eco mode to cut energy costs up to 60%—without compromising on comfort.

## Air Quality

Every Heil ductless unit has built-in reusable, washable air filters to capture airborne pollutants and allergens right in the room. Plus, the Deluxe Series comes equipped with relative humidity sensors—for customized humidity control in 5% increments, so there's always the right amount of moisture in the air.

## Personalized Comfort

Connect up to six indoor units to a single outdoor unit—to deliver individualized temperature control in every room of your home. Once you decide what temperature you'd like a specific zone (or room) to be, the system will quietly maintain that temperature.

## Convenient Controls and Features

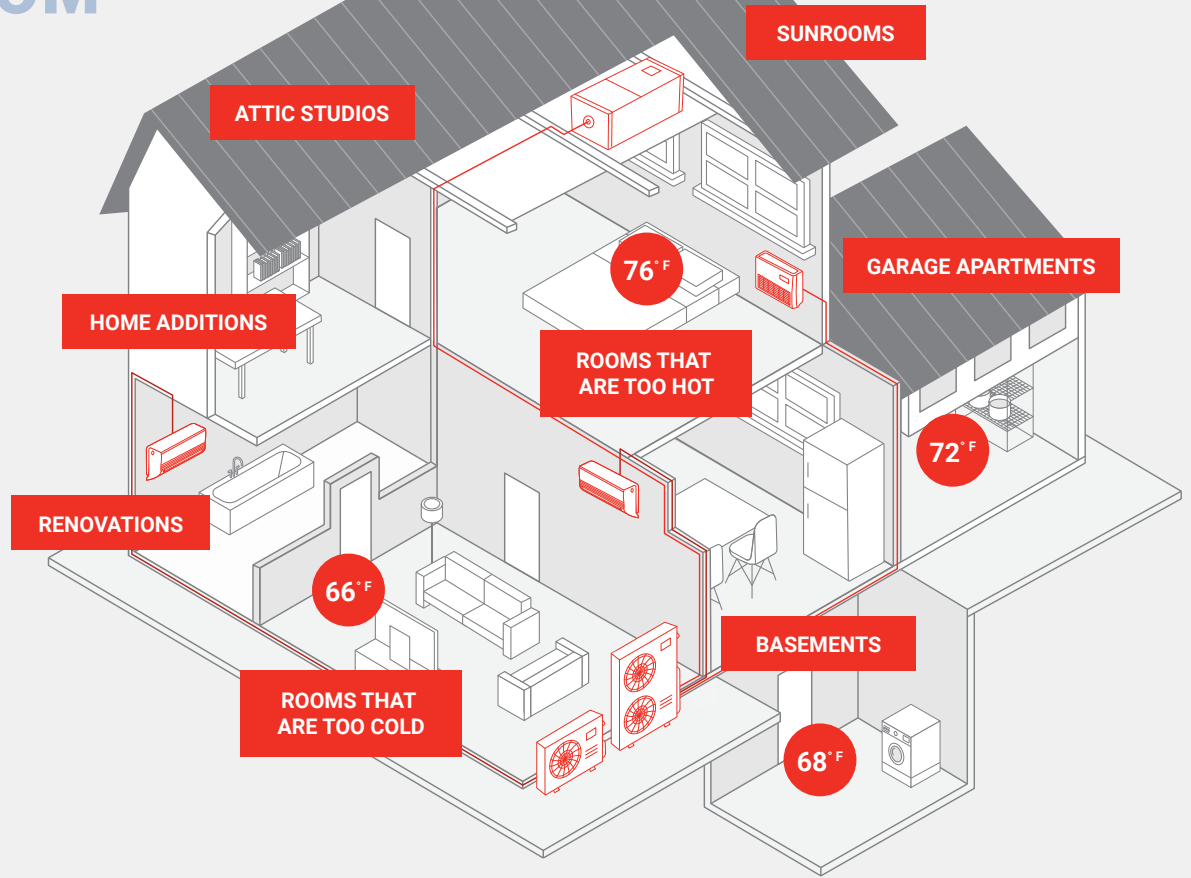

Heil Deluxe Series systems are the gold standard in home comfort, offering features like I-clean, active cleaning and Intelligent Eye, an occupancy sensor that can tell when you're in the room and direct fresh air your way.

## No Hassle Warranty

To the original owner, the Heil Deluxe Series equipment qualifies for a 10-year No Hassle Replacement™. It means comfort with no questions. We'll replace your unit if the compressor or coil fails within the covered period.\* This provides extra coverage in addition to a 10-year parts limited warranty.\*\*

# BRING A BOOST OF COMFORT TO ANY ROOM
