

Permatex 81756 Rust Dissolver Gel (Naval Jelly NJ1) - Spec Sheet Summary

PRODUCT DESCRIPTION:

- Acid-based thixotropic gel for dissolving rust on iron and steel surfaces.
- Chemically dissolves rust; ideal for surface prep before painting.
- Non-drip, washes off with water, eliminates scraping.

APPLICATIONS:

- Removes rust from machinery, tools, boats, pipes, fencing, drums, conveyors.
- Suitable for automobiles, trucks, motorcycles, tractors.

DIRECTIONS FOR USE:

1. Clean surface of dirt, oil, and grease.
2. Brush or wipe on liberally.
3. Leave on 5-10 minutes (longer for heavy rust).
4. Rinse thoroughly with fresh water.
5. Repeat if necessary.

PROPERTIES OF UNCURED MATERIAL:

- Chemical Type: Phosphoric acid
- Appearance: Pink gel
- Odor: Bouquet
- Specific Gravity: 1.2
- Viscosity: Gel
- Flash Point: None

ORDERING INFORMATION:

- Part Number: 81756 (NJ-1A)
- Container Size: 8 fl. oz. bottle
- Also available: 82138 (12 fl. oz. spray)

STORAGE:

- Store in a cool, dry place (8°C-28°C / 46°F-82°F).
- Do not return unused product to original container.
