**intelli
fresh**

- Keeps towel fresh and odor free for the life of the product
- Reduces bacterial build up on all fabric surfaces
- Keeps towels fresh and odor free between launderings & reduces costly re-washes
- Extends the life of towels & increases value in your textile investment
- Proprietary technology in partnership with Dupont

Articles and textile materials treated with SILVADUR™ antimicrobial odor control technology may inhibit up to 99.9 % of odor causing bacteria. Depending on treatment levels, treatment quality, and the life of the garment (article itself (e.g. towel)), and individual use, odor control protection may vary over the life of the garment. Inhibition of odor causing bacteria may fall below 90%
