WESTCRAFT™

CERTIFIABLY BETTER

Westcraft can liners earn the SCS Recycled Content Certification, which means they're better for the planet and your business's sustainability goals.

SCS Global Services is a worldwide leader in third-party sustainability verification and certification. The Recycled Content Certification confirms that Westcraft can liners reduce the environmental impacts of raw material extraction and landfill waste.

BLACK LINERS

Contain 75% reprocessed resins, including 40% post-consumer resins.

CLEAR LINERS

Contain a minimum of 50% reprocessed resins, including 40% post-consumer resins.
