

BASEBOARD

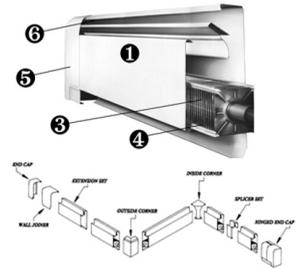

Embassy Industries, Inc.

Panel-Track® Baseboard

Panel-Track® hot water baseboard is designed for any type of residential or light commercial installation. Improved design features over conventional baseboard provide greater durability and increased ease of installation.

FEATURES:

- 1. Heavy Duty Front Panel:** Constructed with the industry's heaviest gauge material for added durability and years of service without bends, dents or dimples
- 2. Hanger Brackets with Built-in Return:** Extra strength hanger brackets permit a copper return line to be installed right in the bracket, eliminating hard-to-use hanging hooks or wires
- 3. 3/4" Square Heating Elements:** Allows for error-free installation. One end of each element is expanded for simple, end-to-end sweat connection. Available on 2 through 8 ft. length.
- 4. Rails Ensure Quiet Operation:** Continuous rails of tough polypropylene line the four corners of the heating element for easy handling. Eliminates all metal-to-metal contact guaranteeing quiet, trouble-free performance. Use of clips and cradles is eliminated.
- 5. One-Piece End Caps:** These seep-drawn end caps are made from the same pre-painted materials as the baseboard, ensuring a perfect match in color and texture.
- 6. Snap-on Damper:** Finger-touch snap-on damper opens and closes with ease, without the use of hinges which can bind or loosen with age.

Basedboard With 3/4" Heating Element

| Size | Item# |
|---------------|-------|
| 2 foot length | KRP2 |
| 3 foot length | KRP3 |
| 4 foot length | KRP4 |
| 5 foot length | KRP5 |
| 6 foot length | KRP6 |
| 7 foot length | KRP7 |
| 8 foot length | KRP8 |

Cover Assemblies

| Size | Item# |
|---------------|-------|
| 2 foot length | KCA2 |
| 3 foot length | KCA3 |
| 4 foot length | KCA4 |
| 5 foot length | KCA5 |
| 6 foot length | KCA6 |
| 7 foot length | KCA7 |
| 8 foot length | KCA8 |

Accessories

| Size | Item# |
|---|-------|
| Left end cap, hinged, 5-1/2" | KCC-L |
| Right end cap, hinged, 5-1/2" | KCC-R |
| Wall joiner, fully telescopic, 3' | KWJ-3 |
| Inside corner, 90°, telescopic to 2-1/2" on each wall | KIC |

Wall Joiners: Ideal where piping goes through partitions. Fully telescopic.

Inside Corners: 90°. One piece snap-on for easy installation. Telescopic up to 2-1/2" on each wall.

Hinged End Caps: 5-1/2", left or right. Ideal for semi-recessed installation. Makes removal of front panel easier. Fits flush to the floor. Fully telescopic.

Note: Extension sets, outside corners and splicer sets available on order.
