

Features ActivePure® Technology, proven to reduce up to 99.9% of many common types of bacteria, viruses, and mold¹

THE TECHNOLOGY

The Rechargeable FreshAir Mobile is a portable air purifier that utilizes ActivePure Technology to reduce contaminants in the air and on surfaces in smaller indoor and personal spaces. Ideal for travel, work stations, small offices, and vehicles. Patented ActivePure Technology is an advanced air and surface purification technology. It has been proven to reduce up to 99.9% of many common airborne and surface contaminants in indoor spaces (list of tested pathogens can be found in “The Proof” section below).

ActivePure Technology does not replace the need to follow public health guidelines and should be used as complementary technology.

THE PROOF

In extensive unaffiliated lab testing, ActivePure® Technology has been proven to significantly reduce the following contaminants and pathogens¹:

- SARS-CoV-2
- *Staphylococcus Aureus*
- *Aspergillus niger endospores*
- H1N1 Influenza
- H5N8 Influenza
- MRSA
- *Bacillus globigii*
- MS2 Bacteriophage
- *Staphylococcus epidermidis*
- PhiX-174
- *Erwinia Herbicola*
- *Listeria monocytogenes*
- Murine Norovirus
- *E. coli*
- *Candida auris*
- *Botrytis cinerea*
- *Sclerotinia sclerotiorum*
- *Legionella pneumophila*
- *Aspergillus versicolor*
- *Clostridium difficile*
- *Salmonella enterica*

THE BENEFITS

The Rechargeable FreshAir Mobile lets you bring our proprietary ActivePure Technology with you on the go without needing to plug it in. This versatile mobile unit provides 24/7 air purification and surface decontamination in smaller indoor spaces up to 50 sq. ft., while the unit is running. It is a proactive and effective solution when you're on the go.

- Uses ActivePure Technology, proven to reduce up to 99.9% of many common types of bacteria, viruses, and mold in indoor air and surfaces¹
- Reduces VOC gases, smoke and odors without the use of ozone¹
- Powered by a rechargeable battery, giving you greater versatility to breathe fresh, purified air anywhere you go
- Touch sensitive settings to provide ease of operation and function
- Features 2-Hour, 4-Hour Timer
- Can be charged via a USB 2.0 or 3.0 port or using the included 120 VAC to 5 Volt DC Adaptor

AIR Mobile™**
RECHARGEABLE

Product Information 50119 Model: A1018E

Environmental Certifications Meets California ozone emissions limit. CARB Certified.
Validated to UL 2998

Technology Included ActivePure® Technology - (1) 2.5" Cell

Electrical Input: DC 5V; 1A; 5W
8-hour usage per full charge

Mechanical Single-speed fan
Timer: 2H, 4H

Safety Conforms to UL 507

Weight & Dimensions 8 ounces (0.23 kg)
3.625" W x 6" H x 1.0" D
(9.21cm x 15.25cm x 2.54cm)

Operating Temperature 45°F - 100°F (7°C - 38°C)

Coverage¹ Up to 50 sq. ft. (4.6 m²) for single occupant use.
¹Dependent on occupancy of the space.

Warranty Limited 1 Year Warranty
