GETTING STARTED

1. Use the SafeLock key to unlock and open the door (lock is located on the right side of the unit)
2. Unscrew the atomizer nozzle from the top of the diffuser, open door and pull the atomizer head from inside the diffuser to remove
3. Insert the straw into a bottle of ScentBridge fragrance oil and tighten atomizer head fully.
*Please note that using another oil not provided by ScentBridge will void the warranty
4. Reinstall the atomizer head with attached fragrance bottle back into the diffuser
5. Screw on the atomizer nozzle
6. Plug in the diffuser using the provided power plug
7. Lock the diffuser door using the SafeLock key
8. Adjust settings as needed in ScentSetter App

TROUBLESHOOTING

Before reaching out to our technical personnel, please take a look at the following possible solutions. If you need further assistance, please email us at service@scentbridge.com.

Diffuser Not Connecting to Smart Device:

- Close the ScentSetter app
- Turn off Bluetooth on your smart device, then unplug ScentBeat diffuser
- Turn the smart device's Bluetooth back on, then plug ScentBeat diffuser back in
- Listen for the diffuser to beep, then open the ScentSetter app and select the diffuser

Weak or No Diffusion:

- Diffuser will not run when not scheduled, ensure the schedule is correct in the ScentSetter app
- The air pump may be damaged, replace if still under warranty
- Check to ensure the straw is not loose

Oil Leaking or Spraying:

- Ensure the atomizer head is tightly screwed in
- The gasket in the atomizer head may be damaged or loose
- The atomizer head is damaged, contact support if still under warranty

OPTIONAL WALL MOUNTING

1. Line up the mounting bracket where you would like to install the diffuser on the wall
2. Drill holes in the wall. Insert the wall anchors, then the screws, then tighten the bracket to the wall
3. Hang the diffuser on the bracket

CAUTION / WARNING

1. Keep the machine upright. Tilting or laying flat will cause the oil to over flow
2. Remove fragrance bottle before moving diffuser to avoid spills
3. Do not disassemble or attempt to repair the diffuser. If any failure happens to the machine, please see the Troubleshooting section
4. The touchscreen buttons become inactive after 1 minute of inactivity
5. If the display freezes, please reset to default settings. (Press and hold the ENT button until it beeps)
