## DESIGNLINE® SQUARE SHOWER DRAINS TECHNICAL SPECIFICATION

### DESCRIPTION

Oatey® Designline centerpoint drains shall be used for tiled showers in residential and commercial applications when connecting to a DWV system. The drain body is constructed of durable and corrosion resistant 304-grade stainless steel with sloped drain body to ensure proper water evacuation. Drain height can be adjusted without rotation to meet the finished floor height precisely. The 2 in. PVC threaded outlet adapter threads into a compatible clamping collar drain base for use with shower pan liner or hot mop waterproofing applications. The decorative cover shall meet all necessary load and flow requirements for installations in shower areas. Drain kit includes a stainless steel debris basket and lifting key.

### FEATURES AND MATERIALS

- 304 grade stainless steel designer grate, drain body & debris basket
- Flow Rate: 10 GPM
- 2 in. PVC threaded outlet adapter
- Lifting key for removal of drain grate
- 304 grade stainless steel debris basket

### REQUIRED PARTS (NOT INCLUDED)

- 3-Piece clamping collar shower pan drain (Oatey 130 Series equivalent in PVC, ABS or cast iron for hot mop)
- Oatey PVC or CPE shower pan liner
- Oatey X-15 Bonding Adhesive for use with PVC shower pan liner or OateyWeld for use with CPE shower pan liner

### 130 SERIES SHOWER PAN DRAIN (SOLD SEPARATELY)

#### ABS or PVC Drain Base with Clamping Collar

Designed for use with tile or marble showers where a shower pan liner is used. The countersunk holes are used to secure the flange base to the subfloor with an approved fastener. The shower pan drain shall have a solvent weld connection over 2 in. Sch. 40 DWV hub connection or inside 3 in. Sch. 40 which conforms to ASTM D2665 (PVC) or D2661 (ABS). Base accepts 130 series 1/4 Turn Test Plug, which holds 40 ft of head pressure. Clamp collar ring fastens by use of hex bolts that thread into brass inserts and can be inverted to achieve an additional 1 in. in finished height. Drain base accepts 2 in. threaded outlet adapter which connects to Designline stainless steel drain body.

### APPROVALS AND LISTINGS

- Uniform Plumbing Code
- International Plumbing Code
- National Plumbing Code of Canada
- ASME A112.18.2 / CSAB125.2
