Floor Coatings & Finishes

HARD FLOOR CARE

Because your
world is busy
enough.

Floor Care Made Simple™

Choosing a floor care program that meets the needs of both those using and maintaining the facility begins with product selection. Facility managers will need to consider the amount of traffic and wear, the maintenance capabilities and plan, and the expectations of building occupants and facility owners. Balancing expected results within the constraints of the facility usage and maintenance program will determine the success of your floor care program. Spartan Chemical offers a complete program of resilient floor care products to meet your critical business needs and make floor care simple.

Floor Sealers

On Base®

#5454

On Base provides a tough, durable protective base that resists water marks and scuffs and keeps scratches from penetrating through to base flooring. Unlike other seals, On Base may be used on a variety of hard floors including resilient tile, rubber, asphalt, vinyl, vinyl asbestos and vinyl composition, synthetic-type gym floors, as well as some types of marble, wood and slate.

pH (Concentrate): 8.0 – 8.5
Total Solids: 22%
Available Sizes (in gallons): 1, 5, 55

Terra Glaze®

#5410

Terra Glaze is an acrylic polymer seal developed exclusively for use on terrazzo. A 25% solids metal interlock formulation, Terra Glaze conditions, seals, and protects the natural beauty of terrazzo. Once applied, Terra Glaze becomes a hard, tough seal that combats terrazzo's inherent susceptibility to damage and deterioration due to abrasion, scratching, scuffing, and wear.

pH (Concentrate): 8.0 – 8.5
Total Solids: 32%
Available Sizes (in gallons): 1, 5, 55

Floor Finishes

The Fixx™

#5446

The Fixx is a premium 25% high solids floor finish that contains patented optically enhanced polymer technology to create depth of gloss and remarkable clarity. The Fixx creates a clear, bright, non-yellowing gloss on floors. The formula provides initial deep gloss that will actually increase over time in response to burnishing. The end result is a durable, burnishable finish with high shine and long life.

pH (Concentrate): 8.0 – 9.0
Total Solids: 34%
Available Sizes (in gallons): 1, 5, 55

FloorFront®

#5447

Finally! A high-gloss, low-maintenance floor finish that is also environmentally responsible. Your high-traffic floors demand a superior floor finish, but budgets are lean. Enjoy measurable labor savings with FloorFront. It requires half the burnishing, recoating, and stripping necessary with other zinc-free finishes.

pH (Concentrate): 7.5 – 8.5
Total Solids: 25%
Available Sizes (in gallons): 1, 5, 55

Floor Finishes (continued)

iShine®

#5455

iShine is a 25% high solids floor finish that employs patented optically enhanced polymer technology to amplify the overall gloss appearance and clarity of floors. The unique blend possesses cutting edge raw materials to form a high solids finish that provides total protection. iShine is a durable finish that provides maximum protection against scuff marks, water spots, and black heel marks.

pH (Concentrate): 8.0 – 8.5

Total Solids: 32%

Available Sizes (in gallons): 1, 5, 55

Millennia Bright Dura Gloss Laminate®

#5460

Millennia Bright Dura Gloss Laminate, transforms and improves traditional acrylic based floor finish technology by creating a crystal clear gloss with brilliant shine. Its excellent clarity allows the natural color of flooring to pass through the Laminate unobstructed. Non-yellowing, even after repeated re-coats, Dura Gloss Laminate provides a tough, durable surface to prevent damage and deterioration.

pH (Concentrate): 8.4 – 8.8

Total Solids: 21%

Available Sizes (in gallons): 1, 5, 55

On an' On®

#5473

Non-buff metal interlock floor finish requires fewer coats, reducing labor. A high solids, non-buff, metal interlock floor finish, On an' On combines deep glossy beauty with tough wearability to reduce overall labor costs. Unlike some high-solids floor finishes, On an' On levels smoothly, and is applied with ease.

pH (Concentrate): 8.6 – 8.9

Total Solids: 33%

Available Sizes (in gallons): 1, 5, 55

Sunny-Side®

#5445

Extremely high gloss non-buff finish that levels smoothly to highlight floors with the ultimate shine. This metal inter-lock floor finish has mirror like reflective properties to actually double an image for more visual impact! Sunny-Side will hold its brilliance through numerous detergent moppings and can easily be restored when necessary by spray-buffing.

pH (Concentrate): 8.7 – 9.1

Total Solids: 23%

Available Sizes (in gallons): 1, 5, 55

Trendsetter Pro™

#5010

Trendsetter Pro is a 20% solids sealer and finish based on a blend of proven, optically enhanced acrylic polymers that produce a durable high gloss finish that can extend the time between strip and recoats. Designed for maintenance with high-speed and UHS (Ultra High Speed) equipment, Trendsetter Pro produces high off the mop gloss with a long-lasting burnish response – a balance of properties ideal for high traffic floors.

pH (Concentrate): 8.0 – 9.0

Total Solids: 25.7%

Available Sizes (in gallons): 1, 5, 55

Floor Finishes (continued)

Upper Limits®

#5490

Upper Limits is an ultra-high speed floor finish featuring clear, hard gloss plus the toughness of thermoplastics. Designed for optimal response to ultra hi-speed burnishing, Upper Limits offers optimal performance plus maximum time and labor saving benefits. Non-powdering and easy to repair and remove, Upper Limits levels and bonds extremely well.

pH (Concentrate): 8.0 – 8.5
Total Solids: 27%
Available Sizes (in gallons): 1, 5, 55

White Sun®

#5450

White Sun diminishes the look of imperfections upon application, making flooring surfaces appear less blemished; creating a better than ever appearance. Gloss and clarity come into focus automatically enhancing the overall look of your floors while intensifying the depth with crystal clear transparency. White Sun has passed the Underwriters Laboratories testing for slip resistance!

pH (Concentrate): 8.0 – 9.0
Total Solids: 23%
Available Sizes (in gallons): 1, 5, 55

Restorers, Spray Buffs, and Specialty

Bounce Back®

#5430

Specially formulated to extend the life and enhance the appearance of finished floors, Bounce Back restores to a brilliant high gloss while providing scuff, scratch, and black heel mark resistance. Safe for all resilient flooring, Bounce Back cleans and shines in one easy step. Ideal for daily floor maintenance use, Bounce Back won't discolor, dull, haze, or streak existing finishes, making it an excellent choice for preventative care and long-lasting floor brilliance.

pH (Concentrate): 8.0 – 8.5

Total Solids: N/A

Available Sizes (in gallons): 1, 5, 55

Spraybuff®

#4440

Spraybuff is a water-based floor maintenance product that cleans and shines in one step. Formulated by using a floor finish and a polymer blended with a high-quality detergent, Spraybuff removes scuffs, black heel marks, and scratches without disturbing the finish on the floor. Routine use of Spraybuff minimizes floor care maintenance expenditures by reducing the cost of stripping, sealing, and refinishing.

pH (Concentrate): 10.0 – 10.5

Total Solids: N/A

Available Sizes (in gallons): 1, 15, 30, 55, 330

Super Spraybuff®

#4450

Super Spraybuff is a solvent-based floor maintenance product that cleans and shines in one step. Fortified with a solvent, Super Spraybuff deep cleans and restores high traffic floors. Routine use of Super Spraybuff minimizes floor care maintenance expenditures by reducing the cost of stripping, sealing, and refinishing.

pH (Concentrate): 9.2 – 9.6

Total Solids: 31%

Available Sizes (in gallons): 1, 15, 30, 55, 330
