USE AND CARE

Use your foot stop to compliment your Kohler bath or whirlpool. You will find the foot stop very useful, particularly in larger bathing wells where you may desire additional support.

Position the foot stop on the floor of your bath, and locate it to maximize support and comfort while bathing. Use the built-in handle to easily re-position and remove the foot stop.

Do not drop or mishandle the foot stop.

Clean the foot stop as needed using soap and water on a clean, soft cloth.
