Dear Valued Customer,

We would like to thank you for considering *Art's Sheet Metal* for your manufacturing needs. We are dedicated to bringing you quality products and unparalleled service. These two simple goals enable us to do business the right way, keeping you, the customer, in mind first and foremost.

A quality product starts by getting quality material, and at *Art's Sheet Metal*, we do everything possible to assure that our products are fabricated with materials that meet our rigid standards. Each load of material is carefully inspected so that our products' performance always meets our customers' expectations.

Our products have been developed through forty years of experience. From our UL-approved roof assembly to our premiere flashing, we have always put quality and dependability first.

By providing unparalleled service we are always there for you, our customer. By getting our product to our customer quickly, there is less of need for our customers to carry a huge inventory. This means your warehouse always has the room needed. We also have sales representatives that will assist in inventory so that you are never without an item. Our service and quality sets us apart from our competitors. If you need products quickly, call on us.

We understand the pressures of business and the need to have vendors you can count on. Everyone at *Art's Sheet Metal* works hard to make your job a little easier. Feel free to call us if there are any issues we may be able to help resolve. Thank you for your patronage.

Sincerely,

Arthur La Rosa

PLUMBER'S FLASHING

(Regular base pictured)

All Rooftop Flashings

A standard flashing is generally acceptable for composition or shingle roofs unless pitch of roof, roofing materials or shingle exposure is unusual. Always check your codes before ordering.

(Available with Hook for Tile)
