

CLOSET FLANGES: 30 30TC, 40, 40TC, 44, 46, AND OS40 TAG _____

Specification

For industrial toilet installations.
Designed to secure toilet to floor.

Design Features

- Cast Iron Top Ring and base ring are coated for corrosion resistance
- “Instant-Set” drain pipe attachment. No additional hardware required
- Stainless Steel Fasteners
- Models with test cap eliminate the need for additional drain pipe sealing caps for inspection
- Suitable for built-up hot mop roof systems and single ply roof systems.

Agency Listings

- Compliant to PS-97 standards listed in IAPMO File: 793
- Compliant to Uniform Plumbing Code (UPC®)
- Compliant to International Plumbing Code (IPC®)

Installation

- Position drain assembly in place with drain pipe connected prior to pouring concrete.
- Position Frank Pattern closet flange assembly over drain pipe and secure to floor with 3 appropriate size flat head screws.
- Instant Set closet rings clamp on outside of drain pipe.
- Evenly tighten 3 bolts until secure drain is secure at .20” lbs. max.
- Install toilet per manufactures instructions.
- After leak testing drain system, cut-out exposed rubber seal using utility knife. Models with test cap only
