

We've added Lead Free Total Repair Kits for Backflow Prevention Assemblies to our existing line of standard Repair Kits. Just one package includes everything you need to repair the internals of backflow assemblies and purchasing a complete kit saves you money!

- Includes everything you need for internal repairs
- No more back-and-forth trips to your parts distributor
- Eliminates site callbacks and follow-up visits
- Single packaging with individual internals clearly marked
- Lead Free kits include fully-compliant Lead Free components
