VERSACURL™

DETANGLING SHOWER TOOL

A photograph of a woman with dark, curly hair and freckles, smiling warmly as she hugs a young child with curly hair. The woman is wearing a black t-shirt. The child is wearing a blue top. The background is white with a decorative blue scalloped border on the right side.

YOUR
CURLS.

**YOUR
WAY.**

The Delta® VersaCurl™ Detangling Shower Tool is designed to accommodate all curl types and level-up your curl care routine.

Designed with wet detangling in mind, the VersaCurl™ tool helps prevent breakage and provides gentler detangling to help reduce scalp soreness caused by hair pulling, while still deeply rinsing away product and build up.

PACKAGE CONTAINS: SHOWER TOOL, 3 BRUSH INSERTS, HOSE, DIVERTER & ANYWHERE WALL MOUNT

INSTALLS IN MINUTES

This configuration is designed to be paired with existing or new wall mounted shower heads. For installation, you can use the integrated diverter mount or opt for the flexibility of the anywhere mount.

The VersaCurl™ tool can be paired with an in-line shower filter. Check out the Delta® Clarifi™ Shower Filter Attachment at [DeltaFaucet.com](https://www.deltafaucet.com)

and tricks.

INSERTS

The interchangeable brush inserts allow you to experiment within your routine, find your favorite, and fall in love with your curls over and over again.

With soft, flexible teeth that feature integrated water jets to target rinsing and detangling, this shower tool takes your hair wash day to a new level.

TIPS TO GET STARTED

FIND WHAT WORKS FOR YOU

Spend time experimenting with the tool and the brush inserts before running water through it.

The included 2-way diverter allows you to switch the water from the shower head to the VersaCurl™ tool. Angle the tool down when first using the diverter.

Test out different inserts and spray settings to see what works for you.
