

PIPELINE PRODUCTS

Waterworks Tools for the Professional

Serving the Water & Wastewater Industries

“Built To Last”

Pipeline Products, Inc. was established in 1980 to support the waterworks industry by providing innovative products of the highest quality. Pipeline Products, Inc. will continue to cultivate existing relationships within the waterworks industry while developing lateral markets. We are securing a solid position as a recognized industry leader. While helping our customers grow, we are working to become the nation's largest single source for pipeline tools and equipment. We hope to accomplish this continued expansion by our commitment to our customers. We constantly work to consistently exceed our customer's expectations for **QUALITY, SERVICE, and INTEGRITY.**

Scott Higley, President

About Us:

For over 30 years, Pipeline Products has been providing quality waterworks tools and custom fabrication services to the water and wastewater industries.

We manufacture the industry's finest off-the-shelf tools and custom fabricated products to meet your specific needs. We are the leader in innovative solutions like our lightweight, yet durable polyethylene Advantage Series Air & Release Valve Enclosures and our innovative Adjustable Pipe Support series.

Our years of experience in the waterworks industry, coupled with our commitment to responsive customer service, and the production of durable, Made In USA products, gives you the peace of mind knowing your products are made right the first time, and delivered to you as promised.

Whether you need our off-the-shelf tools or custom fabricated items, look to Pipeline Products to provide you the very best in quality and attentive service at a competitive price. Call us anytime for answers to your technical questions and know our team of experienced waterworks tool designers and fabricators is here for you.

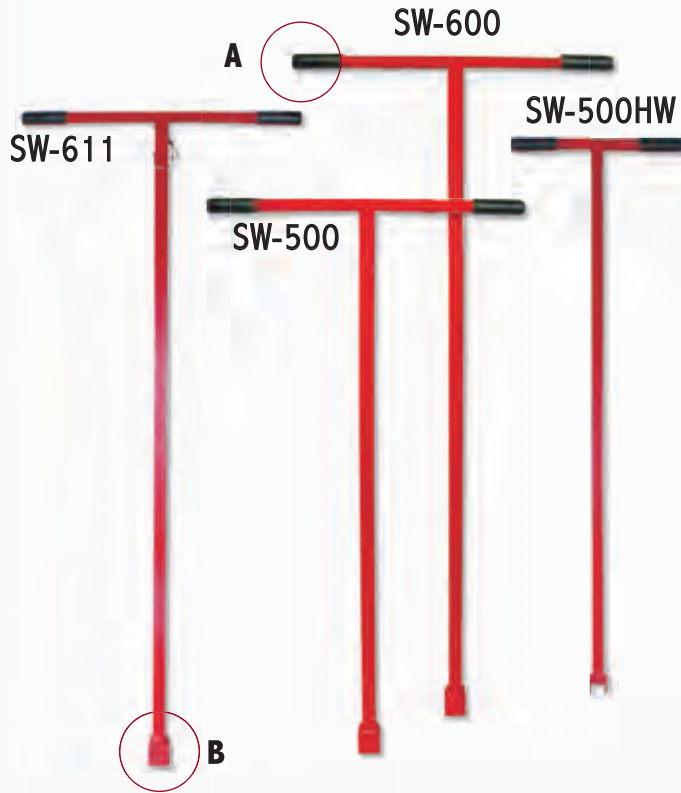

Pipeline Products means...

- Expertise in waterworks tools and parts
- Creative engineering and design solutions
- Unsurpassed custom fabrication
- Flexible to meet your needs
- Good people doing good work

PART #	VALVE WRENCHES
SW-500	5' Long wrench for 2" valve nut
SW-600	6' Long wrench for 2" valve nut
SW-510	5' to 9' adj. length wrench for 2" valve nut
SW-611	6' to 11' adj. length wrench for 2" valve nut
SW-500HW	5' Long wrench for up to 3" hand wheels

Valve Nut Adapters

Easily Identify Non-Potable Water

Product Features

Laser-cut pentagon & hexagon sockets
 Perfect for reclaimed & non-potable water valve identification

PART #	ADAPTERS
SW-PENT	Female pentagon to 2" square male adapter
SW-HEX	Female hexagon to 2" square male adapter
ADP-PENT	Male pentagon to 2" square female adapter

Gate Valve Wrenches

The best wrenches on the market

Product Features

Wrenches For 2" AWWA Valve Operation Nuts

Shaft Is Made From 1 1/2" Heavy Wall Square Tubing With A 30" Long X 1 1/4" O.D. Handle*

Sealed Shaft Section, No Water Or Mud In Shaft

Mud Vents At The Top Of The Socket

Extendable Wrenches Feature Positive-Lock Pins

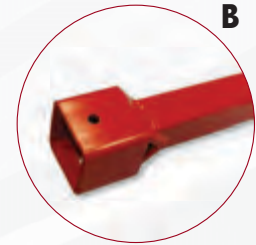

Durable Red Powder-Coat Finish

*SW-500HW Has A 1 1/4" Shaft With An 18" Handle

Durable Rubber Grips

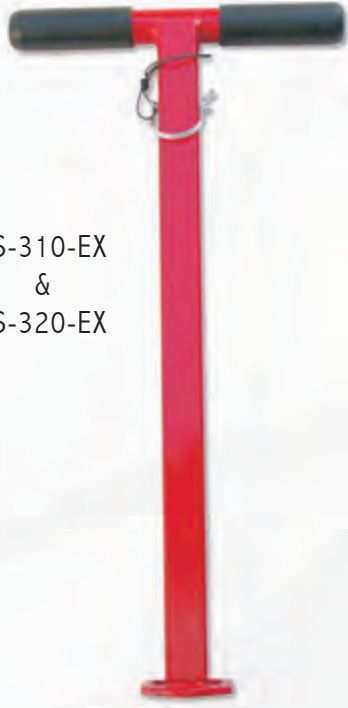

Socket w/ Mud-Vent and Drilled For Adapters

ADP-PENT

SW-PENT

CS-310-EX
&
CS-320-EX

Extendable Curb Stop Wrenches For 3/4" Through 2" Valves

Product Features

26" To 46" Long Extendable Curb Stop Wrench With A 16" Handle & Positive-Locking Snap Pin

CS-310-EX And CS-320-EX Wrenches Feature Full Diameter Sockets

CS-310-EX Has A 5/8" X 1 3/4" Socket
CS-320-EX Has A 1" X 2 3/8" Socket

Heavy-Duty Construction

Perfect For Reaching Deep-Set Valves

Durable Red Powder-Coat Finish

PART #	EXTENDABLE CURB STOP WRENCHES
CS-310-EX	1" & 3/4" - Extendable from 26" - 46" long
CS-320-EX	1 1/2" & 2" - Extendable from 26" - 46" long

Standard Curb Stop Wrenches For 3/4" Though 2" Valves

Product Features

Excellent Tools For a Meter Service Truck

16" X 1 1/4" O.D. T-Handle

18" Or 36" Overall Length

All CS-310 & CS-320 Designs Feature Full Diameter Sockets, No Spreading Fork

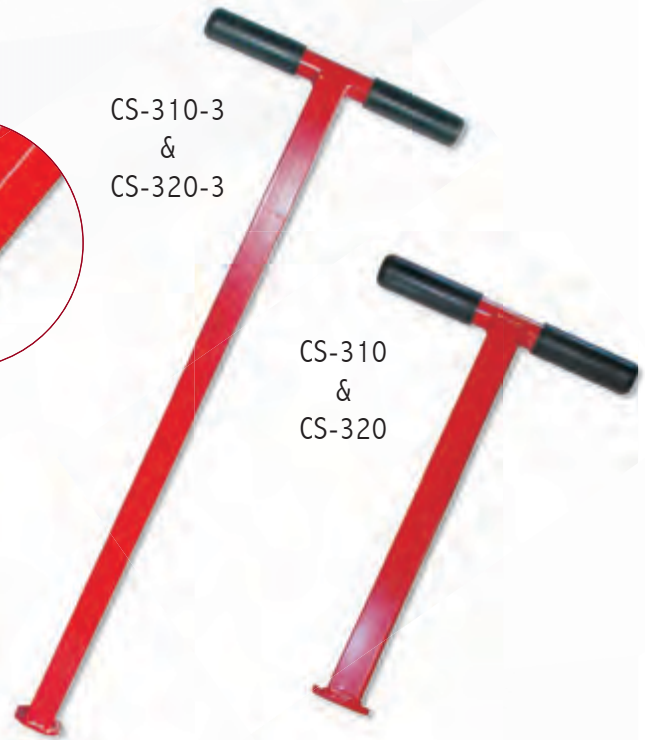

CS-310 & CS-310-3 Have A 5/8" X 1 3/4" Socket
CS-320 & CS-320-3 Have A 1" X 2 3/8" Socket

Durable Red Powder-Coat Finish

CS-330

CS-310-3
&
CS-320-3

CS-310
&
CS-320

PART #	CURB STOP WRENCHES
CS-310	3/4" & 1" Curb stop wrench 18" long
CS-320	1 1/2" & 2" Curb stop wrench 18" long
CS-310-3	3/4" & 1" Curb stop wrench 36" long
CS-320-3	1 1/2" & 2" Curb stop wrench 36" long
CS-330	Universal curb stop wrench 36" long

SW-636-B

SW-636-D

SW-636-E (2 SHOWN)

SW-636-H

This Wrench Kit Includes:

- 1 SW-636H T-Handle Section
- 2 SW-636E 33" Extensions
- 1 SW-636D 33" Lower Section
- 1 Carry Bag

**Speed Handle Wrench
Rapid-Turn Wrench For 2" Valve Operator Nut**

Product Features

- Makes Quick Work Of Gate Valves
- Allows The Use Of Both Hands To Break Stubborn Valves Loose
- 18" Overall Handle Length
- Handy When Working With Valves In The Yard, In Vaults Or During Installation
- Durable Red Powder Coat Finish

**Sectional Gate Valve Wrenches
For 2" Square Valve Operator Nut**

Product Features

- A Complete Snap-Together Wrench For 2" AWWA Gate Valve Operation Nuts.
- Compact Design, No Part Over 36" Long
- Flank Drive On Connectors, No Load On Pins
- Heavy Wall Steel Box Tubing
- 30" Long X Round Handles
- Sealed Lower Shaft Section With Mud Venting Socket
- Easy-Carry Bag Made Of Tough Red Vinyl

PART #	SECTIONAL GATE VALVE WRENCHES
SW-636	Sectional gate valve wrench
SW-636-B	Sectional gate valve wrench w/carry bag
SW-636-D	36" Long driver section with 2" socket
SW-636-E	36" Long extension section
SW-636-H	30" T-handle section

SHW-200

PART #	SPEED HANDLE WRENCH
SHW-200	Speed Handle Wrench For 2" Valve Nut

O.D. Tape

Product Features

- Small And Compact
- Measures Outside Pipe Diameter Of Any Pipe Up To 36"

OD-TAPE

PART #	O.D. TAPE
OD-TAPE	Outside Diameter Tape

COMBO 8 8 Socket Combination Wrench

Product Features

A Complete Snap-Together 45" or 78" Wrench System For A Wide Variety Of Valves

Includes:

1 - 30" Long Handle Section

2 - 36" Extension Sections

8 - 12" Long Socket Extensions Flank Drive On Shafts - No Load On Pins

Extra Shaft Sections Can Be Ordered Separately For Deeper Valves.

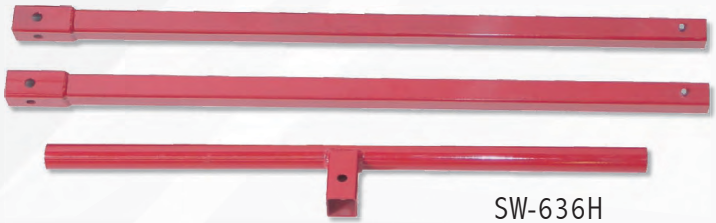

Durable Red Powder-Coat Finish

Tough Reinforced Vinyl Carry Bag

The Sockets Below Come Standard With The Combo-8, These Sockets Will Also Work With The COMBO-3 And SW-636 Wrenches

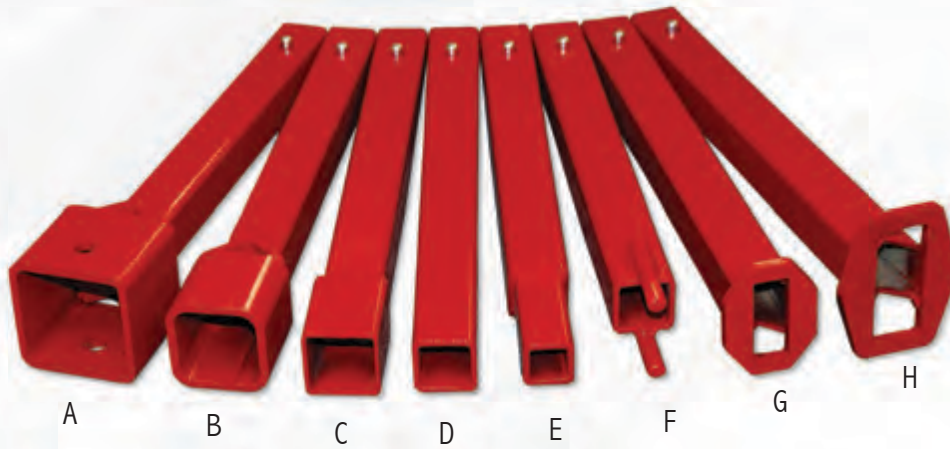

COMBO-8

(2) SW-636E

SW-636H

- A. CBO-8-200
- B. CBO-8-112
- C. CBO-8-114
- D. CBO-8-100
- E. CBO-8-034
- F. CBO-8-3HW
- G. CBO-8-310
- H. CBO-8-320

PART #	COMBO-8 WRENCH SET
COMBO-8	8-Socket combination wrench kit with bag
COMBO-PIN	Replacement pin for combo wrench parts
CBO-8-200	Combo socket for 2" male nut
CBO-8-112	Combo socket for 1 1/2" male nut
CBO-8-114	Combo socket for 1 1/4" male nut
CBO-8-100	Combo socket for 1" male nut
CBO-8-034	Combo socket for 3/4" male nut
CBO-8-3HW	Combo socket for up to 3" handwheel
CBO-8-310	Combo socket for 3/4" & 1" curb stop valve
CBO-8-320	Combo socket for 1 1/2" & 2" curb stop valve

COMBO 3 3 Socket Combination Wrench

Product Features

A Snap-Together Combination Wrench System With 3 Different Sockets

Assembled Wrench Can Reach Valves To A Depth Of 3 Feet-Shaft Extensions Can Be Added For Deeper Valves

32" Long Handle Provides Plenty Of Torque

The Sockets Below Come Standard With The COMBO-3, Other Sockets From The COMBO-8 May Be Substituted

COMBO-3

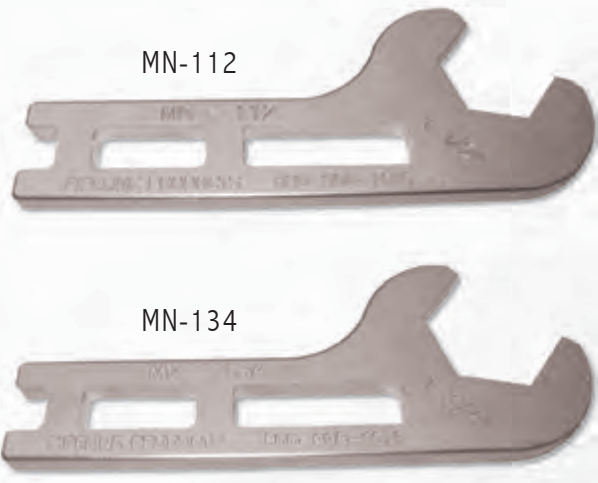

CBO-8-200
(2 1/8" X 2 1/8" OPENING)

CBO-8-320
(1" X 2 3/8" OPENING)

CBO-8-310
(5/8" X 1 3/4" OPENING)

PART #	COMBO-3 WRENCH SET
COMBO-3	Combination wrench with three sockets
COMBO-3BS	Combination wrench T-handle base unit only
CBO-8-200	Combination socket for 2" square male nut
CBO-8-310	Combination socket for 3/4" & 1" curb stop valve
CBO-8-320	Combination socket for 1 1/2" & 2" curb stop valve

Meter Nut Wrenches

Laser Cut From 4130 Chromoly

Product Features

Compact Wrench Perfect For Easy Removal And Installation Of Water Meters

Overall Length Of 8" Fits In The Tight Spaces In Meter Boxes

Handle Openings Will Fit Curb-Stop Valves

Corners Are Rounded For Comfort

Zinc Plate Finish

PART #	METER NUT WRENCHES
MN-112	1 1/2" Meter Nut Wrench (1.52" Opening)
MN-158	1 5/8" Meter Nut Wrench (1.64" Opening)
MN-134	1 3/4" Meter Nut Wrench (1.77" Opening)
MN-178	1 7/8" Meter Nut Wrench (1.89" Opening)
MN-200	2" Meter Nut Wrench (2.02" Opening)

Universal Meter Nut Wrench

For 3/4" Through 2" Meter Nuts

MN-UNIV

Product Features

Fits 3/4" Up To 2" Meter Coupling And Shut-Off Valve Nuts

Jaw Pad Is Tempered For Long Tooth Life

Steel Handle With Durable Vinyl Grip

Jaw Pad Easily Replaced If Broken Or Worn

21" Overall Length Provides Plenty Of Torque For Releasing Tough Couplings

PART #	UNIVERSAL METER WRENCH
MN-UNIV	Universal meter nut wrench
MN-JAW	Replacement serrated jaw pad for mn-univ

Meter Box Lid Lifters
All Stainless Steel Construction

Product Features

- Polished Stainless Steel Shaft And Foot
- Durable Hand Grip With Wrist Cord
- Welded Foot Piece For Durability
- Available In 24" And 36" Lengths

PART #	METER BOX LID LIFTERS
MBW-100L	36" Long stainless steel meter box lid lifter
MBW-100S	24" Long stainless steel meter box lid lifter

Soil Probes
All Stainless Steel Construction

Product Features

- 12" X 7/8" Stainless T-Handle
- 3/8" Diameter Solid Stainless Shaft
- Vinyl Rubber Hand Grips (Not Intended As Insulators)
- TIG Welded Handle For Durability

PART #	SOIL & COMPACTION PROBES
SSP-400	4' Long stainless steel probe

Digging Bars
Designed For Pushing Pipe

Product Features

- Made From High Quality 1045 Tool Steel To Prevent Bending While Pushing Pipe
- 100% American-Made Digging Bars Will Outlast Three Foreign-Made Bars
- Forged Pick On One End And Wedge On The Other End

PART #	DIGGING BARS
DB-60H	6' x 1 1/4" Hex digging bar
DB-60R	6' x 1 1/4" Round digging bar

MH-100

MH-200

Manhole Cover Hooks Simple Yet Effective Design

Product Features

Simple But Effective Tool For Prying Open & Removing Manhole Covers

Made From Cold-Formed 1018

Durable Red Powder-Coat Finish

PART #	MANHOLE COVER REMOVERS
MH-100	1/2" dia. manhole cover hook x 27" long
MH-200	5/8" dia. manhole cover hook x 27" long
MHCR-600	Leverage Advantage Manhole Cover Lifter

Manhole Cover Lifter Reduces Chances Of Back Injuries

Product Features

Allows Easy Removal Of Manhole Covers

Uses Leverage Advantage To Pry Covers Open And Swing Them To The Side

Lightweight Yet Strong Construction, Made With 1 1/2" X 14 Ga. Stainless Steel Tubing

Built To Withstand Years Of Use

Rubber Foot Grip And Vinyl Handle Grip

Zinc-Plated Adjustable Chain & Heavy-Duty Hook

MHCR-600

PART #	MANHOLE COVER LIFTER
MHCR-600	Leverage Advantage Manhole Cover Lifter

Valve Slings No Load On Valve Stem

Product Features

Lift Up To 12" Class 300 Gate Valves

Adjustment To Different Valve Diameters Is Easy With A Positive Locking Buckle

Sling Lifts Under Valve Body, No Heavy Load On Valve Stem

Sling Has Heavy-Duty Lifting Eye

Durable Red Powder-Coat Finish

AVS-100

PART #	VALVE SLINGS
AVS-100	Adjustable valve lifting sling

Hydrant Slings Will Not Damage Coatings

Product Features

Perfect Sling For Safely Installing And Removing Fire Hydrants

Works On All Wet Barrel Hydrants

Works On Any Dry Barrel Hydrant With 180 Degree Appendages

Nylon Strap Will Not Harm Exterior Finish

Quickly Adjusts To Fit Different Style Hydrants

AHS-200

PART #	HYDRANT SLINGS
AHS-200	Adjustable hydrant lifting sling

Test Plates

Isolate Pipe Sections For Testing

Product Features

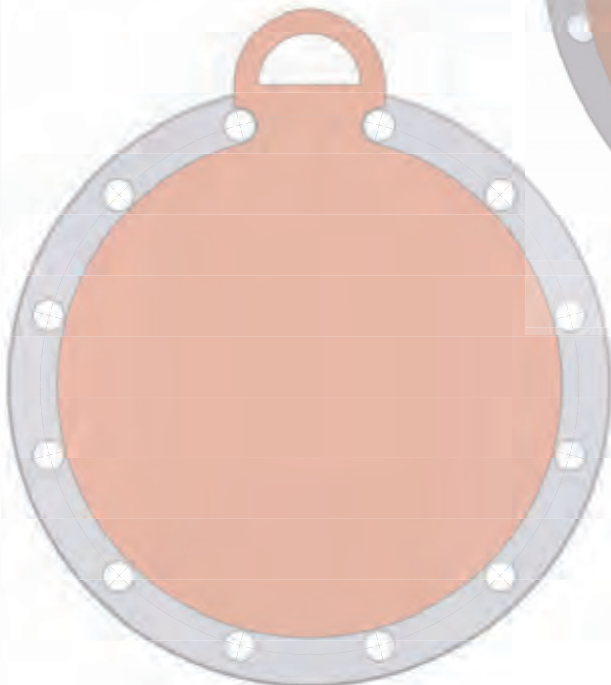

Allows Pressure Testing Sections Of Pipe Without The Use Of Valves Or Elimination Of "False Leaks" Through Valve

Locating Notches For Upper Two Flange Bolts With Pry Loop/Lifting Handle

Made From 4130 Chromoly Plate

Durable Powder Coat Finish For Corrosion Resistance

PART #	TEST PLATES
TP-102	2" Class 150 flange test plate
TP-103	3" Class 150 flange test plate
TP-104	4" Class 150 flange test plate
TP-105	5" Class 150 flange test plate
TP-106	6" Class 150 flange test plate
TP-108	8" Class 150 flange test plate
TP-110	10" Class 150 flange test plate
TP-112	12" Class 150 flange test plate
TP-114	14" Class 150 flange test plate
TP-116	16" Class 150 flange test plate
TP-118	18" Class 150 flange test plate
TP-120	20" Class 150 flange test plate
TP-124	24" Class 150 flange test plate

Pipe Cart

Why Crawl When You Can Roll?

Product Features

For Safe, Easy Access To The Inside Of Pipes - Safety Ropes Can Be Attached To Person And Cart

Multiple Carts Can Be Linked Together For Towing In Lights, Cement And Other Items

Wheel Fenders To Keep Clothing From Catching

Padded Headrest For Comfort

PC-1000

PART #	PIPE CART
--------	-----------

PC-1000	Pipeline access cart
---------	----------------------

USC-1000

Hydraulic Service Line Crimper Shut Off Copper Lines...Fast!

Product Features

Crimps Off Up To 2" Copper Water Lines Quickly And Effortlessly

Indispensable Tool For Emergency Crews

Two-Stage Hydraulic Pump Reduces The Number Of Pumps Required To Crimp Pipe

200 PSI 1st Stage - 10,000 PSI 2nd Stage

Spring Return Cylinder Opens Jaw Automatically On Release Of Pressure

Steel-Reinforced Rubber Hose

Chromoly Steel Crimp Jaw

PART #	SERVICE LINE CRIMPER
--------	----------------------

USC-1000	Hydraulic service line crimper
----------	--------------------------------

**This 2" Copper Pipe Was Crimped
Shut In Less Than 10 Seconds!**

Hydrant Meter Locks

Lock Out Hydrant Meters

Product Features

Simple Device For Locking Fire Hydrant Meters To Prevent Tampering And Theft

Locks With Standard District Padlock

Stainless Steel Hinge

Two Sizes In Stock:

Large: 2 1/4" Inside Between Rings

Small: 1 3/4" Inside Between Rings

2" Gate Valve Lock Also Available

Custom Clam-Shell Locks Can Be Fabricated Per Your Specifications

PART #	HYDRANT & VALVE LOCKS
FHMLD-SML	Small hydrant meter lock
FHMLD-LRG	Large hydrant meter lock
GVL-200	Lock for 2" gate valve nut

Valve Stem Guard

Protects Your OS&Y Valve Stems

Product Features

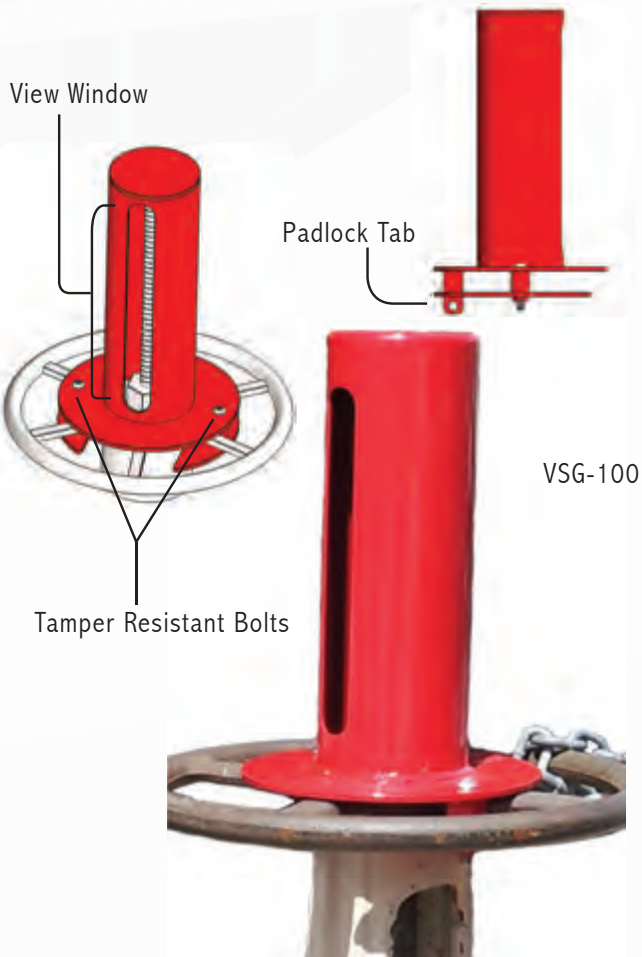

SECURE: Steel cover installed with two security pin-in-hex style allen bolts. There is also a tab under the assembly for a customer supplied padlock. A hex key is provided with each valve guard.

FUNCTIONAL: The valve is fully operational with the cover installed. The steel housing has a laser-cut oval opening to allow viewing of the valve stem position.

HIGH-QUALITY: Fully welded steel housing with UV resistant powder coated finish for years of service. Stainless security bolts for corrosion resistance.

HIGH VISIBILITY: Conspicuous cover will cause most thieves to move on to easier targets.

COST EFFECTIVE: Simple and economical product to help avoid a very expensive parts and labor bill to rebuild a large OS&Y valve.

PART #	VALVE STEM GUARD
VSG-100	Valve Stem Guard

PWL SERIES

ACWL SERIES

SWL SERIES

PART #	SHELL CUTTERS
ACWL-100	1" Shell cutter for AC (1/8" undersize)
ACWL-112	1 1/2" Shell cutter for AC (1/8" undersize)
ACWL-200	2" Shell cutter for AC (1/8" undersize)
PWL-034	3/4" Shell cutter for PVC (1/16" undersize)
PWL-100	1" Shell cutter for PVC (1/8" undersize)
PWL-112	1 1/2" Shell cutter for PVC (1/8" undersize)
PWL-200	2" Shell cutter for PVC (1/8" undersize)
SWL-100	1" Shell cutter for CI & DI (1/8" undersize)
SWL-112	1 1/2" Shell cutter for CI & DI (1/8" undersize)
SWL-200	2" Shell cutter for CI & DI (1/8" undersize)

Shell Cutters Designed Specifically For Pipe Drilling

Product Features

Carbide-Tipped Cutting Edges
For Long Life

All Shell Cutters Are Slightly Undersized
For An Easy Fit Through Valves

Large Slots For Debris Removal

Adapters Available For A Variety
Of Tapping Machines

Standard 5/8"-18 Thread

Pilot Drills & Adapters

Product Features

Completes shell cutter assembly

Carbide tip available for
increased strength

PART #	PILOT DRILLS & ADAPTERS
PD-14	1/4" Pilot drill for PWL-034 shell cutters
PD-14CA	1/4" Carbide-tip pilot drill for AC pipe
PD-38	3/8" Pilot drill for PVC or C900 plastic pipe
PD-38CA	3/8" Carbide-tip pilot drill for AC and ductile pipe
SCA-034	Drill motor arbor adapter for PWL-034 shell cutters
SCA-102	Drill motor arbor adapter for 1" through 2" shell cutters
WLS-102	Adapter to fit MUELLER 61993 and 37032 drill holders

Waterline Replacement Kits

The Original & Still The Best!

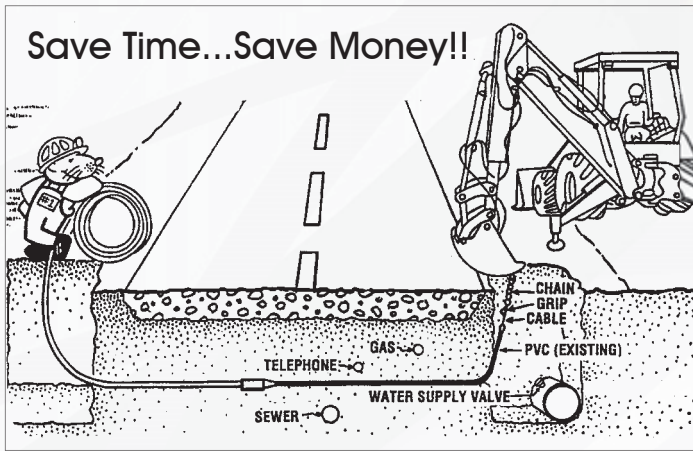

Product Features

Splits Or Removes Polyethylene, Lead or Copper Water Service Lines And Pulls In New Copper Or Polyethylene Tubing In One Operation

No Need To Dig Up The Entire Service Line, Minimizes Damage To Streets, Sidewalks, Etc.

Reduces Replacement Time 50% To 75%

Reduces Material And Manpower Costs

Standard Tubing Adapters (Included In Kit)

WAD-510 1" Tubing Adapter

WAD-534 3/4" Tubing Adapter

Available Cutterhead Sizes

WCH-558 5/8" and 3/4" Cutter Head

WCH-500 3/4" and 1" Cutter Head

WCH-512 1 1/2" Cutter Head

WCH-520 2" Cutter Head

Optional Pulling Sock

WFA-500 Pull Sock Adapter

WFG-500 3/4" and 1" Pulling Sock

PART #	WATERLINE REPLACEMENT
WW-500-50	Waterline kit w/ 3/8" x 50' pulling cable
WW-500-75	Waterline kit w/ 3/8" x 75' pulling cable
WW-500-100	Waterline kit w/ 3/8" x 100' pulling cable
WKG-500	Klein grip for pulling cable 8000 lb. Cap.
WKG-1600	H.D. Klein grip 15,000 lb. cap. (not shown)
WPC-50	3/8" X 50' heavy-duty pulling cable
WPC-75	3/8" X 75' heavy-duty pulling cable
WPC-100	3/8" X 100' heavy-duty pulling cable
WCH-558	Cutter head for 3/4" pipe
WCH-500	Cutter head for 3/4" & 1" pipe
WCH-512	Cutter head for 1 1/2" pipe
WCH-520	Cutter head for 2" pipe
WAD-534	3/4" Copper tubing adapter
WAD-510	1" Copper tubing adapter
WFA-500	Adapter for WFG-500/600 (pulling sock)
WFG-500	Wire pulling sock for 3/4" to 1 1/4" Diam.
WFG-600	Wire pulling sock for 1 1/4" to 2" Diam.

SX-908

Valve Stem Extensions

Steel Extensions

Product Features

Our Standard Steel Valve Stem Extension Made From 1 1/2" X .095 Wall Square Tubing With A 1/8" Thick Centering Ring

In Stock 1' Through 10' (1' Increments)

Coated With Zinc-Rich Powder Coat

Custom Extensions Built To Order

Galvanized Or Stainless Steel Available

PART #	STEEL EXTENSIONS
SX-906	Extension with 5 1/2" ring (zinc primer)
SX-908	Extension with 7 1/2" ring (zinc primer)

Fiberplas®

Fiberglass Extensions

Product Features

Allows For Easy Fabrication Of Valve Stem Extensions In The Field

Eliminates The Need For Pre-Measurement And Waiting For Fabricated Steel Extensions

Tested At 600 Ft-Lbs Torque (8' Length)

Corrosion Resistant And Dimensionally Stable

Centering Ring Adjustable For 8", 6" And 4 1/2"

Valve Can Risers

Tested And Used Effectively For Over 20 Years

PART #	FIBERPLAS EXTENSIONS
FPT-200	2" sq. Fiberplas® extension tubing
FPU-210	Fiberplas® upper operating nut with ring
FPL-220	Fiberplas® lower operating nut
E-6000C	10.2 fl. oz. adhesive for Fiberplas® (cartridge)
E-6000T	3.7 fl.oz. adhesive for Fiberplas® (tube)

Economy Pipe Supports

Product Features

Support Risers Are Powder Coated Red Standard And Are Also Available Hot Dip Galvanized For Corrosion Protection

Saddle Top Or Flange Mount Supports Are All In Stock

30" Tall Base Can Be Cut To Length In The Field - No Need For Threaded Nipples Or Companion Flanges

Zinc-Plated All Thread Adjusters

Also Available In Stainless Steel

Perfect for Backflow Devices

Product Features

VL-100 Ladders Have Unique Extendable Side Uprights That Lock Into Upright Position

Steel Ladders Are Supplied Hot-Dip Galvanized

Stainless Steel Ladders Available

All Ladders Are O.S.H.A. Compliant

Ladders Are Custom Fabricated To Your Height And Anchoring Requirements

VL-200 Ladders Are A Standard, Simple And Economical Design

Engineering Available Online at PipelineProducts.com

PART #	VAULT LADDERS
VL-100	Pipeline Products ladder w/ extendable arms
VL-200	Pipeline Products standard steel ladder

* Custom Fabrication Standard Lead Time.
No Return On Custom Orders.

PEDESTAL PIPE SUPPORTS

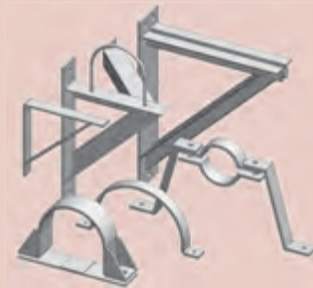

FLANGE MOUNT - SADDLE MOUNT - FULL STRAP

Pedestal pipe supports provide a more secure support system than most adjustable supports. These are used to both support and control the movement of pipe and valve assemblies. We have manufactured a wide variety of these supports to exact specifications. We can provide virtually any style support for a competitive price and a rapid production time.

BRACKETS AND STRAPS

WALL MOUNT - PIPE SADDLE - FLANGE - U-BOLT

Fabricated brackets and straps to secure pipes in any position. Built to fit any diameter pipe and along any degree of the pipe circumference. Available in 304 or 316 stainless steel, mild steel, bare and hot-dip galvanized.

BOLLARDS

HOLLOW - CAPPED - READY TO FILL

Custom bollards are built for either permanent or removable installations, and can be fabricated in any diameter and height. Bollards are available in bare, hot-dip galvanized, powder-coated and can include reflective tape.

GRATES & SCREENS

BUILT TO FIT ANY APPLICATION

Custom grates, screens, intake covers, and trash racks can be fabricated to any dimensions, and can be made from any material. We also fabricate pedestrian-rated and H-20 load-rated grates.

Custom Fabrication Services

VALVE ENCLOSURES & VENTS

STEEL

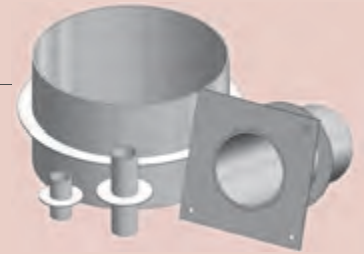

"OUR SPECIALTY"

Our Valve Enclosures and Vents protect above-ground air and vacuum release valves and properly ventilate vaults. These enclosures, which are functional and stylish, can be custom fabricated to meet any specification. Coatings include hot-dip galvanized or zinc-rich powder coat.

WALL SLEEVES

MOUNTING PLATES - POUR IN PLACE

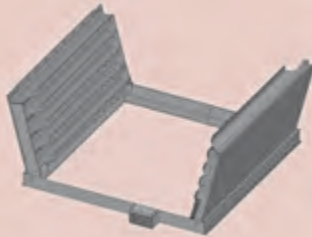

Custom lengths and weep ring to meet any specification. Hot-dip galvanized and stainless steel finishes are available.

ACCESS HATCHES

PEDESTRIAN - H-20 LOAD RATED

Custom fabricated to fit any dimension and size needed for your project. Vault Lids are designed for both H20 and pedestrian load ratings. Available in aluminum.

VALVE STEM EXTENSIONS

2" VALVE NUTS - HANDWHEELS - U-JOINTS - BRACKETS

Valve stem extensions and wall bracket guide arms are made to order. Fabrication can be made from mild steel, 304 or 316 stainless steel. We also offer various finishes, such as hot-dip galvanized and powder coated.

Pipeline Products' fabrication experts have a combined total of over 125 years experience in custom metal fabrication. We are also a licensed fabricator for the City of Los Angeles #FB0259, compliant with A.R.R.A. "Made in America", Federal Highway "Buy American" compliant 23CFR 635.410 and small business certified. Our welders are certified to AMSE B31.1 power piping, carbon steel unlimited, stainless steel up to 1" and AWS D1.2 Aluminum 6061 T-6. Most importantly, we are made in the U.S.A and built-to-last.

Limited Warranty: All products sold are warranted by Pipeline Products Inc. only to purchasers for resale or for use in business or original equipment manufacture, against defects in workmanship or materials under normal use for one year after date of purchase from Pipeline Products Inc., unless otherwise stated in product listing in this catalog. Any part which is determined by Pipeline Products Inc. to be defective in material or workmanship and returned to a Pipeline Products Inc. distributor, shipping cost prepaid, will be, as the exclusive remedy, repaired or replaced at Pipeline Products' Inc. discretion.

Warranty Disclaimer: Pipeline Products Inc. has made a diligent effort to illustrate and describe the products in this catalog accurately. However such illustrations and descriptions are for the sole purpose of identification and do not express or imply a warranty that the products are merchantable or fit for a particular purpose or that the product will necessarily conform to illustrations or descriptions. No warranty or affirmation of fact, express or implied, other than is set forth in the limited warranty statement above is made or authorized by Pipeline Products Inc.

Limitation Of Liability: Any liability for consequential and incidental damages is expressly disclaimed. Pipeline Products' Inc. liability in all events is limited to, and shall not exceed the purchase price paid.

Prompt Disposition: Pipeline Products Inc. will make a good faith effort for prompt correction or other adjustment with respect to any product that proves to be defective within the warranty period. Before returning any product, contact the Pipeline Products Inc. distributor from which the product was purchased, giving date and number of original invoice, and describing the defect. Title and risk loss pass on to buyer on delivery to the common carrier. If product was damaged in transit, recipient must file claim with the carrier within 3 business days.

Business Suitability: Many states and localities have codes and regulations governing sales, construction, and/or use of products for certain purposes, which may vary from those in neighboring areas. While Pipeline Products Inc. attempts to assure that its products comply with such codes, it cannot guarantee, and cannot be responsible for how the product is installed or used. Before purchase and use of product, please review the product application, national and local codes and regulations, to verify that the product, installation and use will comply with them.

Warranty:

Seller warrants the goods manufactured by the seller to be in accordance with seller's specifications and free from defects in materials and workmanship at the time of delivery. All material has an expressed warranty period of one year from delivery. Seller's warranty obligation shall be satisfied, at its sole option, either by repair or replacement of nonconforming or defective product.

Seller's liability under this expressed warranty shall be limited to the cost of replacement or repair only.

PIPELINE PRODUCTS INC. MAKES NO EXPRESSED AND/OR IMPLIED WARRANTIES WHETHER OF MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE OR OTHERWISE OTHER THAN THOSE SET FORTH ABOVE and in no event does Pipeline Products Inc. assume, nor shall it be liable for consequential or special damages, or for installation adjustment or other expenses whether direct or indirect. No waiver, alteration or modification of the forgoing conditions shall be valid unless made in writing and signed by an Executive Officer of Pipeline Products Inc.
