

Automatic Adaptors

800075

Truly the
 SUPERIOR™
Adaptor.

- Ideal for new installations and for converting existing manual valves to automatic
- Operates on pressure up to 200 psi
- All EPDM rubber parts outlast commonly used Buna-N parts when exposed to dirty water
- Self-cleaning, dirt-free, clog-free design
- Widest range of sizes in the industry (3/4" to 2")

800

- Available in 3/4" through 2" for Superior, Champion, Lawnlife, Orbit, and Aqualine brass manual valves
- Extension Adaptors available in 3/4" and 1" sizes
