## Material Number NL940P8, T-560-BR-R-20 - One-Piece Bronze Ball Valve - Reinforced PTFE, Bronze Trim

The NIBCO® bronze ball valve provides ease of operation with quarter-turn (90 degrees) open to close. The one-piece valve is recommended for hot/cold water, HVAC, some chemical and utility service applications. Please refer to NIBCO technical data sheets, chemical resistance guides, valve selection guides and catalog for engineering and installation information. Choose NIBCO® ball valves for the most specified, versatile and economical valve option in commercial and industrial applications.
