

Smooth Surface and Floor Sweeps

Typical uses:

Sweeping fine particulate in homes, stores, institutions and offices.

B-24 – 100% Black Horsehair

Exceptional quality horsehair with an oval trim for fine sweeping on smooth surfaces.

Item Number	Overall Length	Trim Length	Block Detail
30003	18"	2-5/8"	Two 3/4" dia Threaded Holes
30004	24"	2-5/8"	Two 3/4" dia Threaded Holes

Recommended Handle: 30350; order separately

Typical uses:

Sweeping medium particulate in homes, stores, institutions and offices.

B-25 – Black Horsehair and Synthetic Filament Blend

Exceptional quality horsehair combined with a price sensitive synthetic. This sweep features an oval trim for medium to fine sweeping on smooth surfaces.

Item Number	Overall Length	Trim Length	Block Detail
30006	16"	2-7/8"	Two 3/4" dia Threaded Holes
30007	18"	2-7/8"	Two 3/4" dia Threaded Holes
30008	24"	2-7/8"	Two 3/4" dia Threaded Holes

Recommended Handle: 30350; order separately

Typical uses:

Sweeping fine particulate in areas where color coded sweeps are necessary.

B-905 – Foam Block with Orange Prostran Filaments

Price sensitive, wire stapled and solvent resistant, this sweep is especially designed for today's hard surface floor coverings. Made with .012" polypropylene filaments.

Item Number	Overall Length	Trim Length	Block Detail
30080	18"	3"	Two 3/4" dia Threaded Holes
30081	24"	3"	Two 3/4" dia Threaded Holes

Recommended Handle: 30350; order separately

Medium Rough Surface and Garage Sweeps

Typical uses:

Sweeping fine particulate on medium rough surfaces.

B-43 – Black Horsehair and Synthetic Casing with Black Tampico Center Row

An exceptional value, this specially designed combination sweep will take care of all but the roughest surfaces.

Item Number	Overall Length	Trim Length	Block Detail
30024	18"	2-7/8"	Two 3/4" dia Threaded Holes
30025	24"	2-7/8"	Two 3/4" dia Threaded Holes
30027	36"	2-7/8"	Two 3/4" dia Threaded Holes

Recommended Handle: 30350; order separately

Typical uses:

Sweeping wet or dry particulate on medium rough surfaces.

B-48 – Black Tampico

A very popular low priced sweep. Gives excellent service.

Item Number	Overall Length	Trim Length	Block Detail
30036	18"	2-7/8"	Two 3/4" dia Threaded Holes
30037	24"	2-7/8"	Two 3/4" dia Threaded Holes
30039	36"	2-7/8"	Two 3/4" dia Threaded Holes

Recommended Handle: 30350; order separately

Typical uses:

Sweeping wet or dry particulate on medium rough surfaces.

B-944 – 100% Black Polypropylene

A solvent resistant, long wearing, wire stapled sweep at an attractive price. Made with .018" polypropylene filaments.

Item Number	Overall Length	Trim Length	Block Detail
30032	18"	3-1/8"	Two 3/4" dia Threaded Holes
30033	24"	3-1/8"	Two 3/4" dia Threaded Holes

Recommended Handle: 30350; order separately

Medium Rough Surface and Garage Sweeps

Typical uses:

Sweeping wet or dry particulate in areas where color coded sweeps are necessary.

B-900 – Foam Block with Orange Prostran Filaments

Wire stapled and solvent resistant, this sweep is inert to most solvents, greases, oils, acids and chemicals found on floors. Made with .028" polypropylene filaments.

Item Number	Overall Length	Trim Length	Block Detail
30076	18"	3"	Two 3/4" dia Threaded Holes

Recommended Handle: 30350; order separately

Typical uses:

All purpose sweeping in areas where color coded sweeps are necessary.

B-910 – Foam Block with Two Gauges of Orange Prostran

For all surfaces, this wire stapled sweep is filled with a stiff .028" polypropylene center and a fine .012" polypropylene casing. This specially designed combination of solvent-resistant filaments works extremely well on all surfaces.

Item Number	Overall Length	Trim Length	Block Detail
30084	18"	3"	Two 3/4" dia Threaded Holes
30085	24"	3"	Two 3/4" dia Threaded Holes

Recommended Handle: 30350; order separately

Typical uses:

Sweeping wet or dry particulate in areas where color coded sweeps are necessary.

B-16 – Wood Block with 100% Orange Polypropylene

Low-priced solvent-resistance sweep with .028" polypropylene filaments is durable and economical.

Item Number	Overall Length	Trim Length	Block Detail
30459	18"	2-7/8"	Two 3/4" dia Threaded Holes
30460	24"	2-7/8"	Two 3/4" dia Threaded Holes

Recommended Handle: 30350; order separately

Rough Surface and Street Sweeps

Typical uses:

Sweeping small particulate on rough and uneven surfaces.

B-52 – Black Tampico Casing with Wire Center Row

This rugged wire stapled sweep is designed for medium sweeping where extra strength is needed to remove tightly adhered dirt and other build-ups. Just push down when sweeping to utilize the extra strength of the wire center row.

Item Number	Overall Length	Trim Length	Block Detail
30057	18"	2-7/8"	Two 3/4" dia Threaded Holes
30058	24"	2-7/8"	Two 3/4" dia Threaded Holes

Recommended Handle: 30350; order separately

Typical uses:

Sweeping wet or dry coarse to medium particulate on rough and uneven surfaces.

B-60 – 100% Palmyra Fiber

An economically priced, strong and flexible natural fiber sweep for moving heavy materials on rough surfaces.

Item Number	Overall Length	Trim Length	Block Detail
30044	16"	4"	Two 3/4" dia Threaded Holes
30045	18"	4"	Two 3/4" dia Threaded Holes
30046	24"	4"	Two 3/4" dia Threaded Holes

Recommended Handle: 30091; order separately

Typical uses:

Sweeping wet or dry coarse to medium particulate on rough and uneven surfaces.

B-61 – 100% Bassine

A tough and low-priced durable natural fiber sweep for moving heavy materials on rough surfaces.

Item Number	Overall Length	Trim Length	Block Detail
30051	18"	4"	Two 3/4" dia Threaded Holes
30052	24"	4"	Two 3/4" dia Threaded Holes

Recommended Handle: 30091; order separately

Typical uses:

Sweeping wet or dry coarse particulate on rough and uneven surfaces.

B-82, B-80, B-84 – Heavy Bassine and Palmyra

These sweeps are made of the heaviest stiff natural bassine and/or palmyra fiber and are excellent for sweeping very coarse surfaces or moving the heaviest materials.

Item Number	Overall Length	Trim Length	Filament Material	Block Detail
30067★	16"	6-1/4"	Bassine/Palmyra	Two Tapered Holes
30068	16"	7-1/4"	Bassine	Two Tapered Holes

Recommended Handle: 30095; order separately

★Low-Priced

Metal Strip Sweeps and Separate Handle

Typical uses:

Sweeping wet or dry medium to fine particulate.

B-96 – Strip Sweep with Medium Polystyrene Filaments

This virtually indestructible all-purpose sweep is perfect for cement or wooden floors and other semi-rough surfaces.

Item Number	Overall Length	Trim Length	Block Detail
30412	18"	3"	Wing nut
30413	24"	3"	Wing nut

Recommended Handle: 30420; order separately

Typical uses:

Sweeping wet or dry coarse to medium particulate.

B-97 – Strip Sweep with Heavy Polystyrene Filaments

This virtually indestructible all-purpose sweep is perfect for sweeping rough floors with extra heavy debris or chips.

Item Number	Overall Length	Trim Length	Block Detail
30414	18"	3"	Wing nut
30415	24"	3"	Wing nut

Recommended Handle: 30420; order separately

H61-A – Reversible Handle for Metal Strip Sweeps

This hardwood handle with heavy gauge steel adapter can be reversed for even wear. The heavy gauge steel eliminates thread breakage and outlasts conventional threaded wooden handles many times over. The lightweight handle saves effort and time by reducing sweeping fatigue and it costs less to ship.

Item Number	Overall Length	Diameter	Usage
30420	60"	15/16"	For strip sweeps 30412, 30413, 30414, 30415

Handles and Accessories

HAT-5 – Heavy-Duty Wood Handle with Die-Cast Threaded Tip

Straight-grained lacquer-finished hardwood, with strong 2" long die cast threaded aluminum tip.

Item Number	Overall Length	Diameter	Usage
30350	60"	15/16"	For all sweeps with 3/4" threaded hole.

H-105, H-105PC, H-106 – Smooth Lacquered Hardwood Handle

Item Number	Overall Length	Diameter	Usage	Threaded Tip
30087★	60"	15/16"	For all sweeps with 3/4" threaded hole.*	Wood
30089	72"	15/16"	For all sweeps with 3/4" threaded hole.*	Wood

* Not recommended for sweeps B-60, B-61 and B-960 (see H-115)

★ Low-Priced

H-135 – Lightweight Metal Handle

Item Number	Overall Length	Diameter	Usage
30097	60"	15/16"	For all sweeps with 3/4" threaded hole.*

* Not recommended for sweeps B-60, B-61 and B-960 (see H-115)

H-115 – Smooth Sanded Hardwood Handle

A thicker handle for heavier sweeps.

Item Number	Overall Length	Diameter	Usage
30091	60"	1-1/8"	For all sweeps with 3/4" threaded hole.*

* Recommended especially for sweeps B-60, B-61 and B-960

**IMPORTANT
INFORMATION
FOR
PAINTERS**

Any of the above handles may be used with threaded handle paint rollers.

H-45, H-125, H-126 – Tapered-End Wood Handles

These thicker handles may also be used for roof and window brushes.

Item Number	Overall Length	Diameter	Usage
30095★	60"	1-1/8"	For all sweeps, roof and window brushes with tapered hole.
30096	72"	1-1/8"	For all sweeps, roof and window brushes with tapered hole.

Use with Sweeps B-80, B-82, B-84, B-88.

★ Low-Priced

Handles and Accessories

Plastic Handle Adapters

Eliminates the necessity of purchasing complete new handle when threads become worn or damaged. To use, cut handle square above old threads and press-fit new adapter on remaining handle portion.

30100

30300

Item Number	Overall Length	Handle Usage	Sweep Usage
30300	2"	For all 15/16" dia. handles	For all sweeps with 3/4" threaded hole

140 – Big Chief Metal Handle Brace

For large sweeps, brace reinforces and locks handles to body of sweep. Easily adjusted.

Item Number	Brace Size	Handle Usage	Sweep Usage
30100	3-5/8" wide x 3-1/2" long	For all handles	For all sweeps

450 – Metal Handle Brace

Screw to block. Two piece brace bolts around handle.

Item Number	Brace Size	Handle Usage	Sweep Usage
30213	16" span	For all 15/16" dia. handles	For all sweeps with 15/16" handle

Upright Brooms

No. 3012 – Stiff African Bass

Industrial quality broom, for wet or dry heavy-duty sweeping on rough floors.

Item Number	Trim Length	Flare	Overall Length	Construction
30073	10"	12"	54"	1 Wire Band

Combination-Corn Blend and Rattan

A welded wire band and three rows of stitching make this broom extra tough for sweeping heavy waste materials. Will withstand rough treatment and still be around a long time.

Item Number	Trim Length	Flare	Overall Length	Construction
30362	13"	11-1/2"	56"	1 Wire Band, 3 Row Stitching

100% Corn

A fine quality medium sized broom. This all-around broom can be used both inside or outside the shop. A #1 grade handle plus tinned wire and 5 rows of stitching make this broom as long lasting and as sturdy a broom as you can buy.

Item Number	Trim Length	Flare	Overall Length	Construction
30360	11"	10"	55"	5 Row Stitching

Corn Blend

A heavy duty broom of good quality. The very best craftsmanship allows this broom to stand up well under heavy usage.

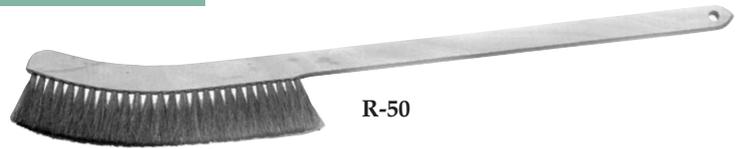

Item Number	Trim Length	Flare	Overall Length	Construction
30361	13"	10"	56"	1 Wire Band, 3 Row Stitching

EZ Sweep Corn Blend

A lightweight, durable broom.

Item Number	Trim Length	Flare	Overall Length	Construction
30363	10"	10"	53-1/2"	4 Row Stitching

Special Dusting

R-50 Easy Reach, 100% Black Horsehair

A popular, top quality radiator duster brush with a curved blade and sturdy, clear lacquered hardwood handle.

Item Number	Filament Material	Brush Part Length	Trim Length	Overall Length	Block Material
30119	Horsehair	10"	1-7/8"	24-1/2"	Wood

Fine Dusting

D-24 100% Black Horsehair

Our finest duster is oval trimmed and staple set.

Item Number	Filament Material	Brush Part Length	Trim Length	Overall Length	Block Material
30102	Horsehair	9"	2-1/2"	14-1/2"	Wood

D-32 Dark Gray Horsehair and Synthetic Blend

Our cost efficient duster is oval trimmed and staple set in an economical foam block.

Item Number	Filament Material	Brush Part Length	Trim Length	Overall Length	Block Material
30106	Horsehair/Polystyrene	8"	1-15/16"	13-1/4"	Foam

D-44 Flagged White Prostran Filaments in Foam Block

FDA-approved for food contact. This solvent resistant, oval trimmed duster is flagged to provide thousands of tiny dusting fingers. This low-priced brush is a real value. Use for wet or dry dusting.
