### Hose Valves

**Acorn Hose Valves** are recommended for installation in interior and exterior locations not subject to freezing. Hose valves have heavy rough brass body with machined brass vandal-resistant lock shield bonnet and are furnished with a removable wheel handle. Valves close with the pressure and feature a replaceable cartridge which contains all wearing parts including the seat. Inlet is 3/4" NPT female. Outlet is 3/4" male hose thread. Vacuum breaker models prevent contamination of potable water supply. Vacuum breakers are atmospheric type and conform to the requirements of ASSE Standard 1011. Check local code authority for vacuum breaker requirements.

**-SSLF Stainless Steel Lead Free** machined, cast stainless steel body with a rough finish and meets lead free requirements where the wetted surface of this product contacted by water contains less than 0.25% lead. Optionally available with models 8120 and 8121 only.

**Installation.** 8120 and 8121 models have flanges and are used for installation on walls of buildings. 8125, 8126, 8130 and 8131 models are normally installed on supply pipes 6" to 36" high. 8135 and 8136 models are installed flush with surface in planter boxes, etc.

### GUIDE SPECIFICATION

Provide and install Acorn Hose Valves model (specify model number) cartridge-operated hose valve with lock shield bonnet and removable key handle. Interior wall hose valves shall be polished chrome finish. Exterior valves shall be rough chrome-plated.

# Hose & Supply Boxes 8120: Hose Valves

## BASE MODEL NUMBER (Must Specify)

### HOSE VALVE

#### BENT NOSE WITH FLANGE

- 8120 Less Vacuum Breaker
- 8120-SSLF Stainless Steel Lead Free, Less Vacuum Breaker
- 8121 With Vacuum Breaker
- 8121-SSLF Stainless Steel lead Free, With Vacuum Breaker

#### BENT NOSE

- 8125 Less Vacuum Breaker
- 8126 With Vacuum Breaker

#### STRAIGHT NOSE

- 8130 Less Vacuum Breaker
- 8131 With Vacuum Breaker

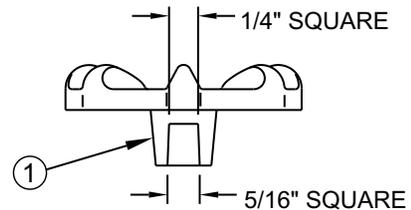

#### INVERTED NOSE

- 8135 Less Vacuum Breaker
- 8136 With Vacuum Breaker

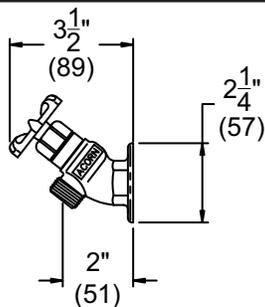

## PRODUCT OPTIONS (Must Specify)

- CP Chrome-Plated Polished, (N/A with optional -SSLF Stainless Steel Lead Free)
- CR Chrome-Plated Rough, (N/A with Optional -SSLF Stainless Steel Lead Free)
