

6' ADA Blue/White Parking Curb, Park-It® - GNRS1620WB

Product Images

Short Description

- Parking stop is made with corrosion resistant recycled rubber for long lasting durability and dependability
- Will not chip, crack, fade, crumble, rot or deteriorate. Resists tire scuffing.
- Resistant to damage from ultraviolet light and precipitation including ice, road salt, gas and oil. Does not change with extreme weather swings
- Molded High-visibility sections make the curb easier to see at night
- Flex slightly to conform to the contour of uneven surfaces and gravel
- Made of 100% recycled rubber making it 1/10th the weight of concrete curbs
- Long lasting and cost efficient
- Resistant to ultraviolet light, moisture, oil, and extreme temperatures
- No painting or maintenance needed
- ADA Handicap compliant Blue parking stop
- Available in 3', 4', and 6' lengths
- Warranty: 3 years on the product; 1 year on the tape (under normal use)

Description

Park-It® ADA Handicap Park-It parking curbs designed specifically for handicap parking spaces. The blue and white contrasting colors are immediately identifiable to differentiate handicap parking spaces to vehicles and pedestrians.

These parking stops are constructed of 100% recycled rubber and used in parking lots to effectively stop cars pulling into parking spots. Unlike asphalt or concrete, which necessitate frequent replacements, Park-It parking curbs are more forgiving of vehicles, sturdier, and do not break or need to be replaced. Park-It car stops include in-molded, highly visible sections to ensure visibility and pedestrian safety. Our recycled

parking bumpers are pre-drilled with holes. The flexible rubber design conforms to the contour of uneven road surfaces.

Checkers also offers a [green and white Park-It parking curb](#) ideal for usage at EV charging stations.

Specifications

Model No	GQRS1620WB
UPC	662641877948
Brand	Checkers Safety™
Color	Blue/White
Quantity Included	1
Pallet Quantity	49
Length	72
Width	6
Height	4
Spikes Needed	4
Bolts Needed	4
