15A Weather-Resistant USB Receptacles with Type A and Type-C Ports

Type A and Type-C USB Charger/Weather-Resistant Receptacle. Type-C Port can charge maximum 3 Amps @ 5V. Type A Port can charge maximum 2.1 Amps @ 5V. Must be installed in a code compliant weatherproof cover, as required by NEC® Article 406.9 - White

- WEATHER-RESISTANT – For outdoor use, must be installed in weatherproof enclosure with approved caulk and gaskets
- SMART – Built-in smart chip recognizes the individual device's charging requirements to optimize the charge
- POWERFUL – Two high-powered charging ports deliver a combined total of 5.1A charging current and 25+ watts of power
- CONVENIENT – No more searching for charging adapters! Upgrade so you can charge electronics leaving the outlets free for additional power needs
- THE FUTURE OF CHARGING – USB Type-C provides faster charging and is emerging as the standard port on many phones, tablets and laptops

Technical Information

Product Features

Amperage : 15 A

Brand : Decora

Color : White

Feature : Weather-Resistant

Standards and Certifications

: cCSAus

Type : Weather-Resistant Type
A/C Duplex Receptacle

Warranty : 2-Years

Weather Resistant : Yes

Features and Benefits

- Provides ideal weatherproof solutions for outdoor residential and commercial areas, all while meeting the National Electrical Code® (NEC®) requirements and industry standards
- Smart chip recognizes and optimizes the charging requirements of individual devices
- Type-C Port can charge maximum 3 Amps @ 5V. Type A Port can charge maximum 2.1 Amps @ 5V
- USB Ports tested to meet the industry requirement to withstand over 10,000 insertions
