THE EZLYFT

EZLyft Magnetic Lifting Tool

Product Spec Sheet

PRODUCT OVERVIEW

The EZLyft Tool is a compact, high-strength magnetic lifting device designed to make removing heavy lids, access covers, plates and more, safer and easier. Its lightweight aluminum body, foldable ergonomic handle, and powerful N52 magnet help reduce bending, finger strain, and awkward lifting.

Built for both home and professional use, EZLyft is a simple, reliable solution for tough lifting jobs.

KEY SAFETY BENEFITS

- **Strong magnetic grip:** High-strength N52 neodymium magnet for secure attachment.
- **Lightweight & durable:** Aluminum body with reinforced housing.
- **Comfortable to use:** Ergonomic, non-slip dual-material handle.
- **Folds flat:** Easy to store in a toolbox or vehicle.
- **Long-lasting:** Corrosion-resistant magnet coating and stainless hardware.

175 lbs

MAXIMUM LIFTING CAPACITY >> OVER 700 LBS OF LIFT FORCE

COMPLIANCE

ROHS | REACH | PROP 65

LIFT SMARTER, **NOT HARDER.**

TECHNICAL SPECIFICATIONS

OVERALL DIMENSIONS

Height	**3 ft 3 in**
Width (Handles Open)	**1 ft 4 in**
Width (Handles Folded)	**5 in**
Width (Base)	**5 in**
Magnet Radius	**3.5 in**

PERFORMANCE

Weight	**5.88 lbs**
Max Lifting Capacity	**175 lbs**
Lift Force	**Over 700 lbs**

CONSTRUCTION

Materials	**Aluminum, plastic, rubber, silicone**
Finish	**Matte**
Colors	**Orange / Grey / Black**
Magnet Type	**N52 Neodymium (Ni)**
Handle	**Foldable, ergonomic**
Hardware	**SS Nylok fasteners**
Mfg. Process	**CNC + Injection molded**
