

SLIC-TITE® PASTE

Premium thread sealant paste, with PTFE

Specially formulated with PTFE for added sealing power, Slic-tite® is the premium thread sealant paste. It has been successfully used for decades to seal water, air, steam, natural gas, and more. It removes easily from skin and clothing, so you have less cleanup time when the job is done. Slic-tite® thread sealant works in extremely high pressure systems, and it comes with several approvals so that the job is completed to code.
