| <p><b>FUNCTION:</b> Used in concrete floors and/or surfaced areas. Scoriated covers are used where floors are subject to ordinary foot traffic and normal loadings. The secured cover should be used wherever vandalism can be a problem.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |                                                                                                           |                                        |                                  |                          |                         |                                                                                        |                                                              |                                                    |                                                              |                                                                                                           |                                        |                                  |                  |                      |                                                                                        |            |        |             |             |            |         |             |         |            |         |             |         |            |         |             |         |            |         |              |          |
