*One Valve Fits ALL*

## FlowTite® 4ALL® Supply Stop Valve / Flexible Reinforced PVC Connector System - For Copper, CPVC and PEX Pipe

Model Number	Description
<input type="checkbox"/> P05-3,2-XF	1/2" nom. supply stop valves with 3/8" or 1/4" O.D. comp.
<input type="checkbox"/> P05LP-5,3(XP-XF-XC-XL-XE)	With Flexible PVC connector for Faucets and Dishwashers.
<input type="checkbox"/> P05CP-7(XF)	With Flexible PVC connector for Toilets.
<input type="checkbox"/> P05IP-2(F-T)	With Flexible PVC connector for Ice makers.

**P05-XF**

### Design Features / Benefits

- 10 year limited warranty including labor and material for residential and one year for commercial. ➤ Property owner protection.
- Tested to 1,000 psi. ➤ Reduced maintenance costs.
- Over 25 million *PUSHON* technology valve installations in over 2 million U.S. homes since 1988. ➤ 10:1 margin of safety.
- Easy Pull/Push ON/OFF Handle. ➤ Long-term proven technology performance.
- Original one-piece factory attached connector. ➤ No sticking or leaking turn handles due to dried out rubber packing.
- 100% non-metallic water contact. ➤ Reduced maintenance costs.
- NSF certified. ➤ Eliminates potential leaks at joints.
- Clean look. ➤ No lead, no internal corrosion, no brass dezincification.
- Removable and Reusable. ➤ Health Safe.
- To fit any interior.
- Installation does not damage pipe.
