## **TECHNICAL DATA** RECESSED TISSUE BOX FOR **Recessed Fixtures** VANITY 919 11-3/4" 298 mm 2-1/8" 54 mm 11" 279 mm 3-1/8" 79 mm 5-1/4" 133 mm 0 10-1/4" 260 mm

MATERIALS: Recessed box and door are made of 23 gauge galvanized steel. Door springs are plated steel. Door knob is plastic.

INSTALLATION: Vanity top or apron must be cut with a suitable opening to allow tissue withdrawal. Install recessed box under vanity or behind apron with

4 - #8 x 3/4" round head zinc plated steel screws provided. Spring loaded door with knob at bottom of unit allows easy loading and

unloading of tissue boxes.

SPECIFICATION: Recessed tissue box for vanity shall be model

(fill in model number) by Liberty Hardware Manufacturing Corporation.
