Material Number NL99E4D, K-595-CS-R-66-LL - Three-Piece Carbon Steel Ball Valve - Full Port, Stainless Steel Trim, Socket Weld

The NIBCO® carbon steel ball valve provides ease of operation with quarter-turn (90 degrees) open to close. The reinforced PTFE seat ring and stainless steel ball/stem exhibit high chemical resistance properties and is recommended for process piping. Please refer to NIBCO technical data sheets, valve selection guides, chemical resistance guide and catalog for engineering and installation information. Choose NIBCO® ball valves for the most specified, versatile and economical valve option in
