	BN	Vibrant® Brushed Nickel
	BV	Vibrant® Brushed Bronze
	GX	Polished Chrome with Vibrant French Gold Accents

Technical Information

All product dimensions are nominal.

Notes

NOTICE: Risk of product damage. Long screws, for installing trim, can damage the K-2971-KS valve. Consult the trim installation guide to verify if the thin wall installation kit (88526) is needed.

Install this product according to the installation guide.

Install Rite-Temp valve according to valve installation guide.

Avoid cross-flow conditions. Do not install a shut-off device on either valve outlet.

Cap the shower outlet if the deck-mounted spout, diverter, or handshower is connected to the spout outlet.

If installing a K-304 valve, install straight pipe or tube drop of 7" (178 mm) to 18" (457 mm) with single elbow between valve and wall-mount spout.

ADA compliant when installed to the specific requirements of these regulations.
