MCC®

PVC PIPE CUTTERS

New advanced design series, five different sizes completed.

DuraBlade™

Double Bevel Edge avoids blade chipping significantly, allowing you to save money in the long run. (VC-0363)

Ergonomic Handle

Enjoy using this cutter while reducing stress on your hands with our specially designed handle.

Reinforced Mechanism

Rust-Free spring and heavy duty ratchet gear sustain a good working condition at any job site.

Quick Release

True one hand operation allows you to continue cutting from one cut to the next without leaving the pipe.

NEW SERIES

VC-0327

VC-0334

VC-0342

VC-0348

VC-0363

- Ergonomic Handle Design gives you less stress during operation.
- Quick Release Blade mechanism: It's not necessary to open the handle with both hands to release the blade.
- Extreme Cutting Leverage Design: less effort & less work in operation.
- DuraBlade™: Double Bevel Edge assures you with longer life time and durability (VC-0363).
- Simple Blade Exchange: Only two steps to exchange the blade. Less risk to lose any parts (except VC-0363)
