NOTES:

TechTip >>>>

from Packard Academy

“

The right “replacement” draft inducer must be installed correctly, combustion characteristics checked, and carbon monoxide levels measured to assure inhabitant safety. Even though there are numerous safety features in gas furnaces, the technician should never risk replacing a draft inducer with one that is not designated as a suitable replacement.

Always use a good cross reference to match the replacement to the original. Only licensed professional technicians should install draft inducers.

”

RICK'S TIP

Rick Streacker
National Training Coordinator

Check out our Packard Academy YouTube Channel for more quality technical training and information on the latest HVACR products!

Follow us for all your HVACR information including product updates, tradeshow, corporate news & training tips.

DRAFT INDUCER

BOOSTER & FLUE EXHAUST

CROSS-REFERENCE GUIDE

Packard has been a dominant force in the HVACR industry for over 50 years. As a master distributor, we bring wholesalers innovative, high quality products that include top industry names and our own exclusive private-label lines. Packard takes pride in being a customer focused-employee owned company and service, selection and satisfaction will always be top priority.
