

NEW THERMOTHIMBLE™

Pat. Pending

THROUGH-THE-WALL LINE SET KIT

Because you asked...

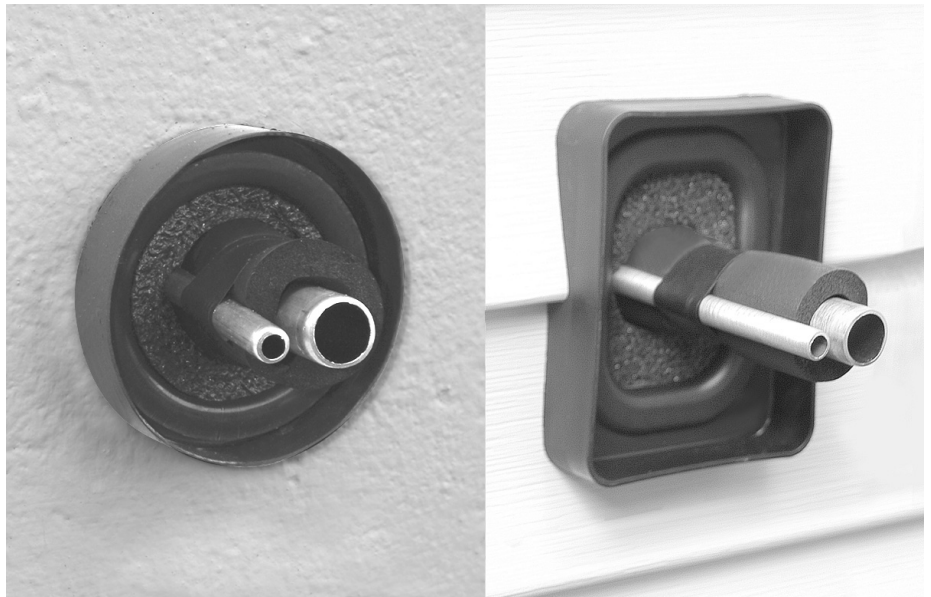

Thermo-Thimbles are now available in **BOTH** Round and Rectangular styles. The easy no-sag way to run all your line set and wire projects **THROUGH WALLS**.

ThermoThimble is innovative...

- Stops line set snagging.
- Creates a permanent, air-tight seal through walls.
- High-density foam gaskets keep out air, insects and other pests.
- No ugly holes to patch.

ThermoThimble is easy to install...

- Installs easily on siding or masonry walls.
- Saves labor costs.
- Unit offers custom, professional look.
- For new construction or retrofit. Residential & Commercial.

Made in U.S.A.

Add a professional look to your through-the-wall installations!
