### Material Number NHC300H, F-718-B - Globe Valve - Iron, Bronze Mounted Trim

The NIBCO® iron globe valve has flanged end connections for ease of installation. This valve features renewable seat and disc. The bolted bonnet makes the valve convenient to maintain. Because of its seat and disc arrangement this valve is ideal for throttling or regulating flow. Please refer to NIBCO technical data sheets, chemical resistance guides and catalogs for engineering and installation information. Choose NIBCO® globe valves for the most specified, versatile and economical valve
