If a defect is found within five years from date of original installation of furnace (whether or not actual use begins on that date) Company will provide a new or remanufactured part, at Company's sole option, to replace any defective part, without charge for the part itself.

A. 20-YEAR LIMITED WARRANTY ON HEAT EXCHANGER ONLY - Where the owner of the dwelling is not the original purchaser and in multi-family dwellings (i.e., where the furnace services more than one dwelling unit) and in non-residential and other applications, the Company warrants the heat exchanger against defects in material and workmanship for a period of twenty years from the date of original installation.

B. LIFETIME LIMITED WARRANTY ON HEAT EXCHANGER ONLY - The Company warrants to the original purchaser, during his or her lifetime, that the heat exchanger will be free from defects material and workmanship; provided, however, this warranty shall apply only to the original installation of the furnace in a single family dwelling (i.e., where the furnace services only one dwelling unit) used without interruption as the purchaser's principal residence.

The Company's warranty obligation in A or B above shall be, at its sole option, to provide a new heat exchanger without charge for the heat exchanger itself or allow a credit in the amount of the then current factory selling price of an equivalent heat exchanger toward the purchase price of a new Bryant Heating and Cooling Systems furnace [without charge if the retail price of a new furnace is less than the factory price of a new or equivalent heat exchanger].

None of these warranties include labor or other costs incurred for diagnosing, repairing, removing, installing, shipping, servicing or handling of either defective parts, or replacement parts, or new units.
