

## 12" CATCH BASIN

Part #: 1200, 1203, 1207

### GRATE CAPACITIES

| Grate Number(s)             | Description                             | Flow Rate with ½" Head |
|-----------------------------|-----------------------------------------|------------------------|
| 1210, 1211, 1212, 1212S     | 12" x 12" Square Grate                  | 155.28 GPM             |
| 1211*                       | 12" x 12" Square Grate                  | 157.79 GPM             |
| 1213                        | 12" x 12" Square Cast Iron Grate        | 113.80 GPM             |
| 1215                        | 12" x 12" Square Galvanized Steel Grate | 348.07 GPM             |
| 1280, 1290                  | 12' x 12" Atrium Grate                  | 154.79 GPM             |
| 1218, 1218S, 1218GR, 1218GY | 12" Botanical Plastic                   | 74.77 GPM              |
| 1218CI                      | 12" Botanical Cast Iron                 | 76.60 GPM              |
| 1224, 1224S, 1224GR, 1224GY | 12" Wave Plastic                        | 78.53 GPM              |
| 1224CI                      | 12" Wave Cast Iron                      | 78.31 GPM              |

### OUTLET FLOW CAPACITIES

| Part #     | Flow Rate per Outlet                                     |
|------------|----------------------------------------------------------|
| 1242, 1243 | 78.10                                                    |
| 1245       | Top: 70.49 GPM<br>Middle: 76.30 GPM<br>Bottom: 83.41 GPM |
| 1266       | 247.12 GPM                                               |
| 1889       | 238.20 GPM                                               |
